- conduct its business in a financially responsible and sustainable way with the ability to adapt to changing economic influences, community expectation, needs and service delivery methods in order to maintain long term viability;

- The Council is committed to equal remuneration for work of equal or comparable value.

9. JOINT CONSULTATIVE COMMITTEE ('JCC')

To facilitate the implementation of this Agreement and ongoing workplace reform, effective consultation and communication are essential. To this end, a Joint Consultative Committee ('JCC') will be established. This committee will be responsible for the role of coordinating workplace reform and ensuring effective communication between management, Unions and employees.

It is agreed that the JCC will be the Committee through which genuine consultation and discussion regarding workplace reform or changes will occur between Council, employees, and Unions. The JCC will meet at least every three (3) months or otherwise as agreed.

The membership of the JCC will consist of three (3) Management representatives, one (1) Union representative from each Union that is party to this Agreement and two (2) employee Union Delegates from each Union party to this Agreement.

- 5% wage increase effective on the first full pay period in January 2024.

Any decision of the QIRC that has the effect of adjusting the ordinary hourly rates of pay of the Awards mentioned in clause 6 of this Agreement shall not apply to the wage rates and allowances set under this Agreement. Wage rates are in accordance with Schedule A – Wages and Salary Rates and levels are in accordance with Appendix A – Field Multi-Skilled Competency-Based Classification Structure.

11. SALARY SACRIFICE

Council offers the option to the employee to Salary Sacrifice the compulsory 6% and any additional voluntary Superannuation contributions to any Superannuation Scheme of their choice, or for any other items allowed by the Australian Taxation Office ('ATO') and that do not attract Fringe Benefits Tax ('FBT'). Such arrangements will be facilitated using third party providers for employees. If FBT is attracted to the salary sacrifice item (e.g., novated lease of a motor vehicle), the FBT will be the responsibility of the employee.

Council reserves the right to withdraw the facility of salary sacrifice if a change in the laws means that Council would incur an additional cost or the scheme itself becomes unlawful as a result of changes to the relevant laws. The option to salary sacrifice is dependent upon evidence from the employee that they have obtained independent financial advice.

Each request would be processed on a case-by-case basis. Once a salary sacrifice agreement is entered into, the employee would be required to continue with the agreement for a period of not less than twelve (12) months.

12. PART-TIME EMPLOYMENT

- total number of ordinary hours worked by the part time employee in the period does not exceed the equivalent of 38 hours a week.

For the avoidance of doubt, a part time employee is entitled to be paid penalty rates for additional hours the part time employee works in a period if the total number of additional hours worked exceeds 25% of the employee's standard ordinary hours, or if the total number of hours worked by the part time employee in the period exceeds the equivalent of 38 hours per week.

13. DISPUTE RESOLUTION

Effective communication between employees and Council management is a prerequisite to good industrial relations and the following procedure is set down in order that any grievances may be resolved quickly to maintain sound working relationships.

1. any employee or employees with a grievance or complaint regarding an industrial matter will promptly raise the matter/s with their immediate supervisor who will endeavor to resolve the matter as soon as possible;
2. if the matter is not resolved at this level, the employee/s will discuss the matter/s with the next

higher level of management and the employee/s may elect to be represented by an authorised officer of the relevant Union; and

3. should the grievance remain unresolved after fourteen (14) days, the matter should then be referred to the CEO and, if requested by the employee/s, an authorised officer of the relevant Union who will attempt to facilitate a resolution.

If after the above steps, the matter remains unresolved, the dispute may be referred by either the employee/s or Council to the QIRC for conciliation and if the matter remains unresolved, arbitration. While the above procedure is being followed, to the extent it is safe to do so, the *status quo* is to be maintained, and every endeavor is to be applied to ensure that work continues normally until a resolution of the dispute is reached.

All parties agree to give due consideration to matters raised or any suggestion or recommendation made by the QIRC with a view to prompt settlement of the matter.

The above procedures do not restrict the Council, or an employee, or an employee's representative (being an authorised officer of the relevant Union) from making representations to each other at any stage in this procedure or restrict the parties from agreeing to escalate any stage of this process which is not practicable.

Council agrees to apply the general wage increases only (excluding incremental increases) as provided for in this Agreement to the employee's maintained income/salary/wage for a period of no more than 24 months from the date of redeployment.

Accrued entitlements are to be paid at the pre-income maintenance rate of pay for employees who are redeployed to a lower classification level when leave is taken.

In the circumstance where an employee is voluntarily redeployed to a position that is a lower classification level than their previous classification level, Council will also pay the employee's accrued entitlements at the pre income maintenance rate of pay.

22.2. Transfers

Council agrees not to force any employee to transfer for the duration of this Agreement. Provided, however, travel between:

- Kingaroy and Nanango; or
- Murgon and Wondai.

shall not constitute a transfer.

Transfer can only occur when an employee can reasonably travel to and from home on a daily basis to a new work location and this does not cause undue hardship to the employee. (e.g., financial, family and personal responsibilities).

22.3. Transfer Expenses

When an employee is transferred in accordance with clause 22.2., Council agrees to pay travelling allowance in accordance with the Award/s.

For the purposes of clauses 22.2. Council acknowledges that existing and new employees are employed at a 'nominated base' office throughout the Council region.

22.4. Job Security

Council is committed to maintaining a core permanent workforce where possible. The parties agree that changes in work practices and productivity initiatives should enhance the efficient operation of the Council.

The parties are committed to:

- career development and equal opportunity;
- using natural attrition and reallocation after consultation in preference to retrenchment or redundancy;
- employees not unreasonably withholding agreement to participate in reasonable changes in working arrangements requiring their agreement under the Award or this Agreement;
- employees assisting in the identification, development and implementation of work practices which assist in making Council a more efficient and cost effective organisation and continued job security; and
- Council will continue to manage its workforce in order to minimise the need for involuntary labour reduction in the future. Council will not, during the term of this Agreement, apply forced redundancies and will consider other viable alternatives to labour reduction when necessary following the consultation process set out in clause 14. of this Agreement.

22.5. Transition to Retirement

Council shall work with employees to develop a retirement plan which supports a positive transition for both parties. Subject to operational requirements, an employee and Council may enter into an agreement for the employee to work on a phased retirement arrangement.

Phased retirement arrangements will be agreed on an individual basis but may include reduced hours of employment and/or a reduction in duties/responsibilities.

A phased retirement arrangement will involve the employee giving up their permanent role and being employed on phased retirement with agreed work hours, agreed role/level, agreed duties/responsibilities and an agreed retirement date. Council and the employee will also identify agreed arrangements with respect to all accrued annual and long service leave.

Council will provide employees who enter into a phased retirement agreement with an agreed retirement date of less than six (6) months with financial assistance to obtain financial advice from an approved financial adviser of up to \$500.

Council may give consideration to utilisation of Annual Leave and Long Service Leave entitlements, in a manner which would not otherwise be available. For example, this could include taking leave at the rate of one (1) or two (2) days per week over an extended period. Approval is at the sole discretion of Council. Half pay leave arrangements will not be applied in such circumstances.

22.6. Abandonment of Employment

An employee who has been absent from duty for seven (7) or more working days without Council's consent and does not establish, to the satisfaction of Council, a reasonable cause for the absence shall be deemed to have abandoned their employment.

Before an employee's employment is terminated for abandonment, Council shall make a reasonable effort to contact the employee. Contact may be made in writing (letter or email), by telephone or via text.

Termination of employment for abandonment shall be effective from the date of the employee's last attendance at work or the employee's last day's absence without Council's consent.

23. INDIVIDUAL FLEXIBILITY ARRANGEMENTS

To meet the needs of Council and an individual employee, Council and an employee may enter into an Individual Flexibility Arrangement ('IFA') to vary the terms of this Agreement.

The following process will be followed:

- the employee, the employee's employee organisation (if applicable) and Council will consult and agree on arrangements to be implemented;
- the arrangements must meet the operational requirements of Council; and
- Both parties agree to genuinely consider any reasonable agreement proposed.

The terms of an IFA must be in writing setting out the terms, including a predetermined term of the agreement and provision for termination of the agreement and signed by Council and the employee. An IFA must not, on balance, result in an overall reduction in the entitlements or protections the employee has under this Agreement and are only about matters required or permitted to be in this Agreement.

24. LOCAL AREA WORK AGREEMENT ('LAWA')

The parties recognise the value and benefit in providing for a process that enables Council, workgroups or individuals to develop and implement flexible working arrangements suited to the needs of the workgroup and requisite work to be performed.

Where Council, relevant workgroups and individuals agree there is a need for flexible work agreements the following process will be followed:

- directly affected employees, relevant employee organisations that have coverage (if applicable) and Council will consult and agree on arrangements to be implemented.
- the arrangements must meet the operational requirements of Council;
- agreement shall be obtained from more than 70% of affected employees; and
- the parties agree to genuinely consider any reasonable agreement proposed.

Where established, LAWA's will be read in conjunction with the Award/s and this Agreement.

The terms of a LAWA must be in writing setting out the terms, including a predetermined term of the agreement and provision for termination of the agreement and signed by Council and the relevant employees. A LAWA must not, on balance, result in an overall reduction in the entitlements or protections the relevant employees have under this Agreement.

In the event an affected employee has personal circumstances that objectively and reasonably prevent them from participating in the varied work arrangements prescribed in the LAWA, Council will reasonably consider alternative arrangements for the employee. If agreement cannot be reached the employee can implement the Dispute Resolution process prescribed in clause 13.

25. MAJOR PROJECT AGREEMENT ('MPA')

For major projects, the ordinary hours of work and span of ordinary hours shall be determined by mutual written agreement between Council and the employee/s considering the needs of the project and to give flexibility for the workforce.

The following process will be followed:

1. Council will confer with relevant employees to identify those employees who are prepared to consider changing their ordinary hours of work and span of hours;
2. directly affected employees, relevant employee organisations (if applicable) and Council will consult and agree on arrangements to be implemented;
3. the arrangements need to meet the operational requirements of Council;
4. agreement needs to be obtained from more than 70% of affected employees;
5. all parties agree to genuinely consider any reasonable agreement proposed; and
6. where established, MPA's will be read in conjunction with the relevant awards and this Agreement.

The terms of an MPA must be in writing setting out the terms, including a predetermined term of the agreement and provision for termination of the agreement, and be signed by Council and the relevant employees. An MPA must not, on balance, result in an overall reduction in the entitlements or protections the relevant employees have under this Agreement.

In the event an affected employee has personal circumstances that objectively and reasonably prevent them from participating in the varied work arrangements prescribed in the MPA, Council will reasonably consider alternative arrangements for the employee. If agreement cannot be reached the employee can implement the Dispute Resolution process prescribed in clause 13.

26. UNION ENCOURAGEMENT

This Agreement recognises the Unions party to this Agreement and their employee delegates as legitimate representatives of employees covered by this Agreement.

26.1. Union Delegates

Union delegates and job representatives have a role to play within a workplace. The existence of accredited Union delegates and/or job representatives is encouraged.

Council shall not unnecessarily hinder accredited Union delegates and/or job representatives in the reasonable and responsible performance of their duties.

26.2. Trade Union Training Leave

Trade Union training leave may be accessed in accordance with the relevant Award/s provision/s.

26.3. Deduction of Union Fees

Upon a request in writing, Council shall provide a payroll deduction scheme for any employee/s who wish to have their Union fees deducted from their payroll.

26.4 Union Introduction/Induction

The Union parties will be provided an opportunity to attend Corporate Induction to collectively discuss union membership with employees. A maximum of 30 minutes will be allocated for this purpose, generally at the beginning and following introductions of the Corporate Induction.

Invitation to attend Corporate Induction, specifically the time allocated for the union introduction/induction, will be sent to the Union parties with reasonable notice.

In exceptional circumstances, where the Union parties are unable to attend the Corporate Induction, an alternative date/time for the union induction will be agreed between the Union parties and the Manager People and Culture. Where this occurs, it is understood that this alternative induction time will be with the collective union parties, will not exceed the paid time of 30 minutes and employees will not be eligible to claim overtime. Any agreed alternative Union introduction/induction date/time will be communicated to employees by Council via Email.

Where a Union requires their delegate to attend the Corporate Induction, prior approval will be sought from the Manager People and Culture. A maximum of 1 delegate per Union will be approved.

27. NO FURTHER CLAIMS

It is agreed by the parties that for the life of this Agreement:

- the parties will not pursue any extra wage claims related to wages or changes of conditions of employment, whether dealt with in this Agreement or not;
- this Agreement covers all matters or claims (from the combined unions) regarding the employment of the employees, which could otherwise be the subject of protected actions pursuant to IR Act; and
- neither party to this Agreement, will engage in protected action pursuant to the IR Act, in relation to the performance of any work covered by the Agreement during the term of this Agreement.

APPENDIX A – SBRC FIELD STAFF MULTI-SKILLED COMPETENCY CLASSIFICATION STRUCTURE 2023

Introduction

The intent of the updated classification structure is to ensure a multi-skilled and motivated workforce to meet the operational requirements of the South Burnett Regional Council (SBRC) in a co-operative and efficient manner. The classification structure rates have been reviewed for accuracy based on the South Burnett Regional Council Certified Agreement – Field Staff 2023 from the 2011 document provided to SBRC (IR: 795425). This was provided in conjunction with Sharpe Workplace Solutions and provides the framework for payment to employees in recognition of skills that can be used by the SBRC in accordance with its operational requirements.

The new classification structure covers all existing classifications under the following Awards:

- Queensland Local Government Industry (Stream B) Award – State 2017;
- Queensland Local Government Industry (Stream C) Award – State 2017; and
- Training Wage Award – State 2012.

Classification Structure

The classification structure is based on the following underlining principles:

- Existing Award Classifications;
- Australian Qualifications Framework;
- Multi - Skilling;
- SBRC Skill Sets; and
- SBRC Operational Requirements.

The following general principles form an integral part of the classification structure and shall be used to maintain the spirit and integrity of the structure into the future, in accordance with operational requirements:

- ensuring no employee is, on an overall, disadvantaged as a result of being covered by the classification structure;
- ensuring that employees are classified/reclassified in accordance with the SBRC operational requirements;
- employees have a responsibility for their work outcomes; and
- leading hand/supervisory allowances.

The multi-skilled structure and the rates provided therein have also removed (in relation to old levels under the Awards) the following payments:

- higher duties;
- mixed functions; and
- two (2) or More Classes of Work.

The above payment arrangements however will still exist in terms of any employee who may be required to act in a band/level that sits higher under the classification structure.

Appeal Process

Employees have the right to lodge an appeal against Council's determination of their classification in the structure. Employees wishing to lodge an appeal shall contact People and Culture in the first instance.
