The Operational Plan 2015/16 details Council's planned services and activities which will contribute to the Corporate Plan 2014/18. This review report provides a written assessment of the implementation of the annual operational plan to the 30 June 2016.

4.3 Economic Development

Officer's Report

4.3.1 ED - 1562725 - South Burnett Regional Tourism Strategy and Implementation Plan

Document Information

IR No 1562725

Author Manager Economic Development

**Endorsed
By** Chief Executive Officer

Date 27 January 2016

Précis

Council endorsement is sought for the adoption of the South Burnett Regional Tourism Strategy and Implementation Plan.

Summary

South Burnett Directions – Council's peak economic and tourism development organisation, through its Tourism Reference Group has developed the South Burnett Regional Tourism Strategy and Implementation Plan.

Once this strategy and implementation plan is adopted by Council it will guide SBRC's approach to tourism development.

Officer's Recommendation

That Council adopt the South Burnett Regional Tourism Strategy and Implementation Plan.

South Burnett Regional Tourism Strategy and Implementation Plan

October 2015

Introduction

The South Burnett Tourism Strategy and Implementation Plan was commissioned by the South Burnett Regional Council and South Burnett Directions in June 2015 and should be read in conjunction with the South Burnett Tourism Information Services paper and the South Burnett Events Strategy. The Implementation Plan is designed to be actioned by 2017/18.

Executive Summary

To achieve its tourism potential the South Burnett needs leadership, contemporary marketing, strong partnerships, product bundling and some product development. This Strategy and Implementation Plan is a practical road map for the development of tourism in the region. It does not recommend new logos, tag lines and marketing campaigns, the brand is simply South Burnett.

With the dismantling of the local tourism association South Burnett Tourism Association the mantle for leadership falls on the Tourism Reference Group of South Burnett Directions. It is essential that this group is supported by South Burnett Regional Council to commence implementing this strategy and bring the tourism and allied industries together. Bundling of products is essential to show visitors what experiences they can have in the South Burnett such as accommodation with wineries, restaurants/pubs, nature and farm gate.

The Visitor Information Centres and tourism industry need to work much closer together. They need to embrace the digital age.

Much of the existing product is not working at full occupancy and it is important that their viability is improved before we consider the need for new accommodation. The identification of more culinary tourism experiences that would develop paddock to plate options for visitors is essential. Food and wine are a growth area in tourism across the world.

The development of a comprehensive mobile enhanced web site for tourism in the South Burnett is essential as is the ability for visitors to make real time bookings through the site and/or to click and dial.

Customer service levels can be improved and it is recommended that the wider business community are offered training to understand and cater for the needs of the types of visitors that are coming to the South Burnett.

The area needs to publicise its experiences, product and events in a more effective manner than the piece meal approach that currently exists.

Accurate and timely visitor statistics are not available for the South Burnett due to the small sample size of the Federal Government's statistical information collection; this is standard for many small council areas in Australia. There are some simple questions that if asked on an ongoing basis would inform the South Burnett Regional Council and the tourism industry of trends in visitation. Industry and the Visitor Information Centres should play a role in collecting these.

As well as opportunities in culinary product development there is an opportunity over the next three years to explore development in cultural tourism with the Cherbourg community, sports tourism and to identify tourism related product that can be built in the Moffatdale area under the auspices of the new South Burnett Planning Scheme.

Finally it is essential that the South Burnett maximises its partnerships with Southern Queensland Country Tourism, Tourism and Events Queensland and Themed Route Highway committees in order to leverage its investment in the tourism industry and obtain the best return on investment.

As tourism evolves throughout the region there may come a point when South Burnett Regional Council supports a more formal local tourism body with a membership base to grow tourism.

1.1 Overview

Situated approximately two and a half hour's drive north west of Brisbane the South Burnett covers an area of 8,399 square km.

Tourism is a significant economic contributor with the area attracting 511,000 visitors per annum (source Tourism Research Australia 2012) staying 596,000 nights contributing over \$105,000,000 per annum into the economy.

Domestic and International Visitors (overnight and day trip)	Visitor nights	Spend (Excludes International)
511,000	596,000	\$105,000,000

The South Burnett is a high quality agricultural area growing a wide range of crops including the peanuts that Kingaroy is well known for and grapes used in the production of wine. Other crops include olives, grains, navy beans, sunflowers and citrus. There is a growing dairy industry, a strong cattle industry and thriving pork production.

The area also has mines, a power station, supporting industry and businesses that contribute 11% of the visitor nights to the South Burnett.

The area has good access and is serviced by a number of major highways. Kingaroy has an airport that hosts the local soaring club and charter flights. There are limited Coach Services from Caboolture to Murgon with links to other towns in the area.

Surrounded by the South Burnett Regional Council area is the independently run township of Cherbourg Aboriginal Community near Murgon.

The South Burnett is part of the Tourism and Events Queensland designated Southern Queensland Country destination which links it to similar areas in an arc behind Brisbane and the Great Dividing Range. The Regional Tourism Organisation is Southern Queensland Country Tourism.

Tourism product ranges from walks in the Bunya Mountains, fishing, water skiing/other water sports, cabins and camping at Boondooma and Bjelke-Peterson Dams, bed and breakfast escapes, walking and riding along scenic rail trails, a dozen wineries and cellar doors and a wide range of attractions many honouring the areas settlers and their activities.

The 40 kilometre Murgon to Kingaroy rail trail is expected to open in July 2016. It is anticipated that this new infrastructure will steadily increase tourism visitation to the South Burnett through marketing campaigns and word of mouth. A focus should be to gradually increase tourism infrastructure and businesses along the trail together with attracting and creating new related events.

The Brisbane Valley Rail Trail which follows the old railway line starts near Ipswich travels through the Somerset Regional Council area and up the range to Blackbutt and Yarraman. Other sections of the Rail Trail are being developed. The trail is popular with horse riders, bike riders and hikers.

While it is dangerous to 'shoehorn' visitors by activities there are sufficient experiences in the area to attract families (fishing, camping and walking), thirty/forty something couples (food and wine getaways) and semi and retired couples (caravanning and getaways). The challenge is to attract more of them.

1.2 Visitor Markets

Accurate data on this scale is hard to obtain because of sample size. Information available from Tourism and Events Queensland and Tourism Research Australia indicates that the highest proportion of overnight domestic visitors are in the 65 year plus age group (21%) followed by the 45 to 54 year old group (19%) and 55 to 64 and 25 to 34 (both on 16%).

Most visitors come from Queensland, in particular the 400 km drive radius stretching from the Gold Coast, Brisbane, Toowoomba and the Fraser Coast. Interstate visitors make up 16% of total overnight visitors and are likely to be Grey Nomads touring through the area on the Australia's Country Way which links Sydney to Yeppoon.

Most of the visitors fit into the Tourism and Events Queensland "Connectors" psychographic segmentation.

I see holidays as a chance to connect with the people I care most about. I will often compromise my own preferences in terms of activities to ensure everyone has a good time. It's about what is real and what's important.

The balance are "Social Fun Seekers"

The essence of a holiday is having a fun time. While I do a lot of different activities, it's sharing the experience with friends and other holidaymakers that makes the difference.

There is also a solid Monday to Friday business travel market staying mainly in motels servicing government and private enterprise in the area.

Domestic Overnight Visitors

Domestic Overnight Travel	South Burnett	Queensland
Visitors	195,000	16,986,000
Nights	596,000	72,131,000
Average Stay	2.9 nights	4.2 nights
Spend	\$68,000,000	\$12,575,000,000
Spend per visitor	\$349	\$740
Spend per night	\$121	\$174

Purpose of Travel Domestic O/N Visitors		South Burnett	Queensland
Holiday	72,000	36%	44%
Visiting Friends and Relatives	85,000	43%	33%
Business	28,000	14%	19%
Other	14,000	7%	6%

Purpose of Travel Domestic Nights		South Burnett	Queensland
Holiday	184,000	33%	49%
Visiting Friends and Relatives	274,000	49%	30%
Business	63,000	11%	15%
Other	42,000	7%	6%

Visitor Origin	Visitors	South Burnett	Queensland
Brisbane	56,000	29%	24%
Regional Queensland	115,000	59%	44%
Total Intrastate	171,000	88%	68%
Total Interstate	25,000	12%	32%

Visitor Origin	Nights	South Burnett	Queensland
Brisbane	130,000	23%	19%
Regional Queensland	340,000	61%	35%
Total Intrastate	470,000	84%	54%
Total Interstate	91,000	16%	46%

With the Visiting Friends and Relatives segment as a sizeable component of overnight visitors it follows that the highest type of accommodation used is staying with Friends and Relatives (49 % of nights) , followed by 15% in Caravan Parks, 15% on motels, hotels, resorts, 11% caravanning or camping beside the road or on private property,

Anecdotally short stay holidays are taken at weekends which creates a mid week vacancy problem for those servicing the leisure market and the temptation for some attractions/restaurants to close during that period which in turn leads to lower visitor satisfaction.

Day Trips

Domestic Day Trip	South Burnett	Queensland
Visitors	313,000	35,673,000
Spend	\$37,000,000	\$3,746,000,000
Spend per visitor	\$119	\$105

Main Purpose of Visit		South Burnett	Queensland
Holiday	135,000	43%	48%
Visiting friends & Relatives	94,000	30%	28%
Business	45,000	14%	11%
Other	38,000	12%	14%

Origin of Day Trippers			
Fraser Coast	101,000	32%	4%
Brisbane	89,000	28%	42%
Darling Downs	68,000	22%	8%
Sunshine Coast	31,000	10%	13%
Gold Coast	17,000	5%	11%

The day trip market is an important one with a high proportion of holiday visitors with a daily spend higher than the state average. Their main activities are eating out and sightseeing and it may be possible to get them to extend their stay to at least one night. In particular the older retired and semi-retired sector who are flexible with their time and could stay and fill the mid week vacancies.

International

International Overnight	South Burnett	Queensland
Visitors		
Visitors	3,000	1,994,000
Nights	35,000	41,313,000
Average stay	10.4 nights	20.7 nights

The South Burnett receives a very small number of international visitors. There are no further statistics available about this market sector due to the small sample size but from the average stay it would appear that many of them are backpackers who undertake picking work.

1.3 Natural Attractions

The area has a good range of natural attractions – the Bunya Mountains National Park, Coomba Falls, Kinbombi Falls, Yarraman State Forrest Park, Benarkin State Forest Park, the nearby Palms National Park and Boat Mountain. These are in addition to the region’s dams which while being man made provide venues for fishing and bird watching.

1.4 Visitor Services

The South Burnett is well serviced by accredited Visitor Information Centres at Blackbutt, Nanango, Kingaroy, Wondai and Murgon. Three of the centres are co-located with attractions – Nanango with the South Burnett Energy Centre, Wondai with the South Burnett Region Timber Industry Museum and Kingaroy with the Art and Heritage Precinct.

With the swing to digital sources of information the area is at a distinctive disadvantage. There is no one comprehensive tourism information web site that is mobile responsive and has click to call or a real time booking system. The development of a website must be a high priority for the area and the VICs are central to the dissemination of information through the website.

1.5 Key Issues

The strategic review of tourism in the South Burnett has highlighted a number of issues which need to be solved if tourism is to be sustainable and grow in the area.

They include a lack of current accurate, timely and robust tourism statistics on which educated decision could be made about new tourism developments and marketing.

The need for a comprehensive mobile responsive tourism web site with click to call and a real time booking system has already been flagged. This is one of the most urgent actions in the strategy as the majority of potential visitors use the internet to gain holiday information before travel and over 60% of visitors use their smart phones and tablets to gain information while travelling. The booking system also needs to service Council's tourist parks needs.

The tourism operators and the Visitor Information Centres need to work more closely together. There is a gap between the two that needs to be closed if council and industry are to get value for money for their investment and the visitors are to receive comprehensive information that will encourage them to stay longer, undertake more activities and add to the economic development of the South Burnett.

There is a need for a focussed direction for the industry members to co-operate in promoting the area. This can only occur with an agreed direction and strong leadership from the newly formed Tourism Reference Group of South Burnett Directions which over time may transition to, or be replaced by a membership based incorporated tourism body.

The South Burnett lags in publicity in its key target markets and needs to develop a communications plan to feed stories to the appropriate media outlets. This is one of the most cost effective ways of getting the South Burnett message out. This should be done in partnership with Southern Queensland Country Tourism and Tourism and Events Queensland.

Food and wine tourism is in a major growth phase across the world. The South Burnett has not achieved its market share of this segment and needs to work more closely with producers to identify new tourism product opportunities. This will take time and a concerted effort as most primary producers are full time farmers and not marketers and often don't see the advantages of growing the South Burnett brand through culinary tourism.

There is some tension between commercial caravan parks and those who wish to 'free camp'. The term free camping is a misnomer as using public facilities comes at a cost, usually to the ratepayers through the provision of council services. It is recommended that Council reviews the practice under the Queensland Government's Queensland Camping Options Toolkit which provides a balanced approach to unregulated camping.

Service standards like many areas of regional Australia can be improved and in particular knowledge of South Burnett. This is even more important as 49% of visitor nights are spent with friends and relatives.

It is vital that the South Burnett 'works' its relationship with industry bodies such as its Regional Tourism Organisation (RTO), Tourism and Events Queensland and the highway promotional organisations in order to leverage and maximise its promotional efforts. Similarly it is essential that South Burnett Tourism operators work together co-operatively.

Apart from a couple of development opportunities it is important that the South Burnett improves its marketing so that it becomes a short break country destination of choice in South East Queensland. The profitability and sustainability of existing businesses needs to improve before new businesses are established.

During South Burnett Regional Council's budget process Council approves funds for tourism development. It is imperative that the allocation of funds to any organisation to implement tourism projects on behalf of Council is based on a sound business plan with measurable outcomes.

1.6 Next Steps

There are some simple steps that can be taken to improve the South Burnett's tourism competitiveness. They are

a/ The development of a mobile responsive comprehensive South Burnett Tourism web site complete with 'click to call', links to individual business web sites and real time online reservations. This also needs to service reservations for council owned tourist parks.

c/ Consistent approach to branding the South Burnett by marketing the "South Burnett" Brand without tag lines which can be developed in the future.

b/ The development and implementation of a tourism communications strategy that includes local content and regular updates to the traditional and digital media and to dedicated digital channels such as Face book and Instagram.

d/ The development of a culinary tourism strategy which links producers, tourism operators and visitors in a South Burnett 'paddock to plate' experience.

e/ The development and skilling of a South Burnett Tourism Industry Champions group who can take up the private enterprise leadership of tourism in the area. Initially this group has been formed as the South Burnett Directions Tourism Reference Group.

f/ There is potential for a wide range of South Burnett businesses to gain more business from visitors by understanding visitors, their wants and needs and to be able to service those while being Ambassadors for the South Burnett. The rollout of a more formalised version of the Wondai Ambassador's program would benefit the whole area.

g/ Establishment of four major events held annually and based around the South Burnett's hero experiences.

Situation Analysis

3.1

The South Burnett is located within the Southern Queensland Country destination (as defined by Tourism & Events Queensland).

3.2

Visitation is predominantly from intrastate (84% of room nights) and within a short drive radius including 23% of total visitor nights originating in the Brisbane Region. This makes it easy to prioritise that Queensland and more importantly within a 200 km drive is where the bulk of marketing effort should be made. That is also amplified by the makeup of the day tour market.

3.3

Interstate visitation makes up 16% of room nights and it is recommended that the area uses the highway committees to promote to that market as it appears that most of those visitors are tourers and in the main grey nomads.

3.4

While Australia is looking to international markets to provide major tourism growth these markets provide the South Burnett with less than 7% of visitor nights and 0.6 % of visitors compared to the Queensland average of 38% of room nights and 10% of visitor numbers. These markets need sophisticated, prolonged and often expensive marketing and it would be best if the South Burnett took a developmental approach to them skilling operators who wished to become international market ready.

Infrastructure and Product Audit**Identified Issues**

- A better range of quality overnight accommodation
- Pub meals better quality –gastro
- Drab streetscape
- Parking for visitors
- Quality themed events
- Not enough culinary experiences
- Inconsistent Branding

Opportunities

- Quality eco accommodation
- Rail trail build with associated accommodation and experiences
- Tourism village at Moffatdale
- Events identified in the South Burnett Events Strategy
- Development of Culinary Tourism Strategy
- Streetscape beautification and visitor parking Tourism Implementation Plan
- Rail trail infrastructure and new tourism businesses

ACTION	TASKS	RESPONSIBILITY	TIME FRAME	KPIs
A digital image update for council's image library	Develop a brief, engage a photographer and undertake a stills and video shoot.	SBRC/SBD, VICs/Volunteers	Ongoing 12 months	A quality up to date image library is created by Mar 2016.
Collect stories about the area, product and characters	Source and write tourism stories on the South Burnett.	SBRC/SBD, SQCT, VICs/Volunteers and tourism industry	Ongoing 12 months	Quality library and a means by which current stories are gathered
PR marketing campaign rolled out	Distribute stories to conventional and digital media; work in partnership with SQCT and TEQ.	SBRC/SBD, Council, SQCT, TEQ, Tourism Industry	March 2016	Identified and operational media channels. Stories generated.
Build a mobile enhanced South Burnett tourism web site with real time booking and click to	Scope, develop and implement a web site that can be used to book council's tourist parks and operators products.	SBRC/SBDI, VICs and Tourism Industry	June 2016	Site running and booking engine uptake by operators and by VICs

call capability	Train VIC staff to update.			
Digital marketing campaign	Construct and populate Face Book and Instagram pages for South Burnett tourism. Train VIC staff to update.	SBRC/SBD, VICs	March 2016	Supported by the above mentioned libraries and digital marketing campaigns
Build tourism infrastructure and businesses along the Murgon to Kingaroy and Brisbane Valley Rail Trail	Develop plans and seek grants for new infrastructure and facilitate the opening of new businesses	SBRC/SBD and tourism industry	Over life of strategy	Establishment of new infrastructure and businesses
Investigate unregulated camping.	Review based on Camping Options Toolkit.	SBRC/SBD	March 2016	Council adopt a camping guide for the South Burnett
Develop a culinary tourism strategy	Engage with the area's tourism industry, primary producers, and restaurateurs.	SBRC/SBD, SQCT and Tourism Industry	December 2016	Strategy developed and implementation started
Improve service culture and knowledge of South Burnett by wider business community	Undertake an 'ambassador' training program for business.	SBRC/SBD, Chambers of Commerce and business organisations	June 2016	Kingaroy, Nanango, Murgon, Wondai businesses participation
Capacity building of industry leaders to improve their ability to lead the tourism industry	Identify tourism industry leaders and provide skills training.	SBRC/SBD	December 2015	Functional Tourism Reference Group
Improve and leverage partnership activities	Identify and implement opportunities to work better with partners. Includes co-op marketing campaigns and travel shows.	SQCT, TEQ, Australia's Country Way, Rural Getaway	June 2016	Partnership Agreements
Investigate the feasibility of more attractions in the South Burnett	Scope out development of a point of difference attraction(s) which is unique to the South Burnett. Other opportunities include Cricketing Hall of Fame, Sportsman Hall of Fame, and Moffatdale tourism precinct.	SBRC/SBD	June 2016	Concept agreed to
Possible development of Aboriginal Cultural Centre	Enter into discussions with the Cherbourg community	SBRC/SBD, Cherbourg Community	June 2016	Agreement with Cherbourg Aboriginal Council on scope and timing of project

Gain a better understanding of visitors to the South Burnett	Scope out and undertake a visitor questionnaire that operators/VICs can implement	SBRC/SBD, Tourism Reference Group and Council	Survey 1 April 2016 Survey 2 October 2016	Two surveys undertaken that take into account peak and non-peak seasons
Build a strong relationship between the tourism industry and the VIC staff and volunteers	Develop a series of meetings, briefings and familiarisations for the VIC staff and volunteers	SBRC/SBD, Tourism Reference Group and VICs	June 2016	1 combined meeting in each Town achieving commitment to work together on beneficial projects
Create packaging/bundling products	Link businesses together with capacity to package	SBRC/SBD, Tourism Reference Group	June 2016	1 functional package operating
Visiting Friends and Relatives	Develop a marketing and monitoring program to increase visitation to local attractions	SBRC/SBD, Tourism Reference Group	June 2016	Program developed and implemented
Build Relationships between Operators, RTO, Council	Encourage operators to network	TAG TRG SBD	Ongoing	Cohesive operator network achieved

Financial and Resource Implications

Strategy implementation will be achieved based on current budget levels. Annual review of funding requirements is undertaken during the annual budget preparation process.

The documents ensure a consistent and guided approach to tourism development.

Link to Corporate/Operational Plan

GO2 - Balanced development that preserves and enhances our region

Communication/Consultation (Internal/External)

South Burnett Directions engaged a professional consultant to prepare the strategy and Implementation plan in consultation with local tourism operators and Southern Queensland Country Tourism Regional Tourism Organisation.

South Burnett Directions Tourism Reference Group which comprises of leading local tourism operators guided the preparation and finalisation of the strategy and plan. The document was provided to the Southern Queensland Country Tourism - Tourism Advisory Group (TAG) meeting on 8th December 2015 for review and comment.

The Strategy and Plan was presented to Council in Port Folio Session.

Minutes of the Traffic Advisory Committee held on Tuesday 8 December 2015.

Summary

The Minutes of the Traffic Advisory Committee Meeting held in the Warren Truss Chamber of South Burnett Regional Council on Tuesday 8 December 2015 are provided for Council to note and consider.

Officer's Recommendation

That Council:

- Endorse the attached Minutes of the Traffic Advisory Committee held on Tuesday 8 December 2015.

South Burnett
Regional Council

MINUTES
Traffic Advisory Committee

Purpose: Meeting of Traffic Advisory Committee (TAC)
Venue: Warren Truss Chamber, SBRC Kingaroy Office
Date: 8 December 2015
Attendance: Cr Wayne Kratzmann (SBRC Mayor), Russell Hood (SBRC General Manager Infrastructure), James D'Arcy (SBRC Manager Design & Technical Services), Vince Green (A/Principal Engineer DTMR Bundaberg), Alan Dixon (Manager Road Safety Warwick), Maree Shepherd (Safety Officer, TMR Bundaberg), Snr Sgt Duane Frank (QC OPS Kingaroy), Snr Constable Jade Miller (QPS Kingaroy), Sgt Rick Christenson (QPS Murgon), Adam Florey (QAS Kingaroy), Kay Dove (Infrastructure Support Officer), Cr Damien Tessmann arrived towards the end of the meeting.

Apologies: Cr Damien Tessmann (for part of the meeting), Cr Kathy Duff, Colin Goodisel (RACQ), Peter Van Eysden (Principal Engineer TMR Bundaberg), Sgt Jason Newton (QPS Nanango), Snr Constable Adam Entwistle (QPS Kumbia), Sgt Alan Gerrard (QPS Blackbutt), A/Sgt Dave Sivell (QPS Dalby), Snr Constable Brendan Seymour (QPS Dalby), Desley Shailer (Snr Operations Officer Translink / Passenger Transport Services), Russell Rogers (Snr Advisor Traffic & Road Safety DTMR Bundaberg).

AGENDA ITEM	OUTCOME
OPENING	The Mayor extended a warm welcome to everyone for the last TAC meeting of 2015.
CONFIRMATION OF PREVIOUS MINUTES	Moved by Cr Duff seconded Maree Shepherd that the Minutes of the previous Traffic Advisory Committee held 7 September 2015 as recorded be confirmed.
BUSINESS ARISING FROM 7 Sept 2015	
(a) Murgon Police request for advisory signage at Krebs St & Bunya Hwy, Murgon intersection be investigated	James D'Arcy met on site met with Mitre 10 and Sthi representatives. The plan is to remove one car park and gauge the impact. ACTION: TMR to review the thru lane requirement in the centre to move hold line.
(b) McDonalds Kingaroy - proposed removal of parking bays in Haly St	Line of sight has been improved with removal of parking bays. CLOSED

<p>(c) Due to Nanango Streetscape upgrade volume of traffic, it is proposed to reduce the speed in Drayton St from 50 to 40 kph i.e. from Gipps St to Henry St, Nanango</p> <p>(d) Request from Cr Campbell re lack of lighting at pedestrian crossing near the Commonwealth Bank on Haly St.</p> <p>(e) Community Shelter Murgon</p> <p>(f) Access to Ryke Fuel, Kingaroy off the Bunya Hwy.</p>	<p>SBRC has written to TMR requesting consideration. ACTION: TMR to review and do a new traffic count. Vince Green hopes he will have this information for next meeting.</p> <p>Russell Hood requested that TMR conduct a street light audit on Kingaroy and Haly Streets, Kingaroy, down to traffic lights at IGA intersection. ACTION: TMR to advise the outcome.</p> <p>Sgt Rick Christensen, QPS Murgon advised a safety audit has been sent to Jeff Schuler TMR. ACTION: Vince Green will review and report to next meeting.</p> <p>At last meeting TMR requested that a 'no right turn' sign be installed on Bunya Hwy opposite the Kingaroy Cricket Club to stop members of the public turning right into Ryke Fuel.</p> <p>Russell Hood inspected after meeting and found that there was already signage in place. CLOSED</p>
<p>GENERAL BUSINESS</p>	
<p>(a) Email from Cr Tessmann re installation of speed signs at Kingaroy Burrndowan Rd.</p>	<p>No reduced speed signage in this area. A number of property accesses as you get close to the intersection. ACTION: TMR will conduct a speed review.</p>
<p>(b) Email from Cr Tessmann re intersection of Wellers Rd and Bunya Hwy</p>	<p>No slip lane for vehicle to turn. ACTION: TMR will review length of passing lane to see if this can be reduced.</p>
<p>(c) Email from Snr Sgt Lance Guteridge</p>	<p>It was noted that Cloyna Rd was not an approved route for B-doubles. The Chairman asked this be held over until next meeting.</p>
<p>(d) Entrance to Murgon Golf Club on Bunya Hwy (Cr Kratzmann)</p>	<p>Cr Kratzmann alerted to a possible traffic issue where two lanes reduce to one where the entrance to the Murgon Golf Club is. ACTION: TMR will investigate and report to the next meeting.</p>

<p>REPORTS</p> <p>Kingaroy Police</p> <p>Department of Transport & Main Roads</p> <p>Qld Transport (Maree Shephard)</p> <p>TMR (Alan Dixon)</p> <p>TMR (Vince Green)</p>	<p>Snr Sgt Frank noted that the South Burnett Regional Council area road fatalities had reduced. He also requested a review of traffic light phasing at Haly St and Fisher St, Kingaroy as congestion at that intersection has been noted.</p> <p>ACTION: TMR to do an intersection count and check the streams system.</p> <p>Maree noted that school zone signage has been completed. A resident concerned that some school signs do not meet MUTCD standard. SBRC responded that this will be addressed on a case by case basis as the signage needs replacing.</p> <p>Flashing lights to be installed in the next few months at Kingaroy State School (Alford St, at Memorial Park Kingaroy) on westbound lane as well as Angel Avenue, Murgon.</p> <p>Maree advised Wondai driver reviver is open again in time for the Christmas travelers.</p> <p>Maree also asked that the tank water be tested at the Driver Reviver Wondai site.</p> <p>ACTION: Russell Hood noted he would put in a request however there is a fee associated with private testing.</p> <p>Alan advised that the Community Road Safety Grants - Round 5 opens in February. He also confirmed that he is retiring at the end of 2015.</p> <p>Vince raised the following:</p> <ul style="list-style-type: none"> (1) Blackbutt Hart St intersection (at the Monument). TMR plans to change the road marking to differentiate from a roundabout. (2) D'Aguilar Hwy and Berlin Rd (between Nanango and Yarraman): TMR received a request re lack of turning lanes at this intersection. It was also noted that a B-double trailer is being parked on this corner causing vision impairment. TMR will attempt to contact the driver re parking somewhere else. This is not a built-up area so 1 hr parking does not apply.
---	--

QAS	<p>Adam Florey advised he has been promoted to Inspector position in Ipswich. Travis Cramb is the new OIC Kingaroy and Colleen Brownsey has been appointed as OIC Nanango.</p> <p>Vince Green thought this could be his last meeting as Peter Van Eysden is due back in January.</p> <p>The Mayor thanked everyone for their input at the meetings over the course of the year and also extended Seasons Greetings on behalf of the South Burnett Regional Council.</p> <p>The Mayor also congratulated Snr Sgt Duane Frank on receiving the National Police Medal which was presented a few weeks ago.</p> <p>Meeting Closed: 11.10 am Next Meeting: 15 March 2016</p>

5.3.2 D&TS - 1562409 - Proposed RRTG Program Development 2016/17 to 2019/20**Document Information****IR No** 1562409**Author** General Manager Infrastructure**Date** 28 January 2016**Précis**

This report recommends endorsement of the future RRTG program to be adopted by the Wide Bay Burnett Regional Road and Transport Group (RRTG).

Summary

The RRTG Technical Committee met on Thursday 28 January 2016 and has developed a funding program for years 2016/17 to 2019/20 and has recommended this for adoption by the main RRTG at the meeting scheduled for Thursday 4 February 2016. This report details the program developed within the South Burnett Regional Council area as part of this process for endorsement by Council prior to the next RRTG meeting.

Officer's Recommendation

That Council endorse the following 2016/17 to 2019/20 funding program for 50% joint funding of Council projects provided through the Wide Bay Burnett Regional Road and Transport Group:

Project	2016/17	2017/18	2018/19	2019/20
Blackbutt Crows Nest Rd Widening	\$588,748			
Durong State School SafeST	\$69,500			
St Johns Lutheran School SafeST	\$65,419			
Base TIDS – Reseals on SBRC Roads	\$130,839	\$139,000	\$139,000	\$139,000

Financial and Resource Implications

Council's draft Roads and Drainage forward capital works program includes these projects and matching funding is available for the 2016/17 year based on the current draft program.

Link to Corporate/Operational Plan

INF1 - Infrastructure that meets our communities needs

Communication/Consultation (Internal/External)

These future projects have been discussed with Council throughout the Roads and Drainage future capital works budget workshops held over the past few months.

Legal Implications (Statutory Basis, Legal Risks)

Funding for these projects is provided under the Queensland Governments' Transport Infrastructure Development Scheme which is managed under the Roads and Transport Alliance between the LGAQ (on behalf of Local Governments) and DTMR.

Policy/Local Law/Delegation Implications

N/A

Asset Management Implications

The upgraded roads and drainage infrastructure will be added to the asset register. The base (non-LRRS) TIDS funding of nominal \$139,000 per annum will be utilised by Council towards bitumen resealing of local roads, which is programmed capital renewal of existing assets.

Report

Council Officers' were required to submit projects for development of the 2019/20 RRTG program in the second half of 2015. The projects submitted following consultation with Council were further realignment and sealing a section of Memerambi Barkers Creek Road, widening Petersen Drive near Sommerfelds Lane and realignment and sealing a section of Maidenwell Bunya Mountains Road at the Wengenville Glenclyffe Road intersection in conjunction with DTMR.

Funding available was predominantly in the 2019/20 year to add to the program as usual, as well as the additional funding to be allocated in the 2016/17 year due to the two year TIDS increase announced by the current State Government. This latter increase was the purpose of the Maidenwell Bunya Mountains Road submission and since it is a DTMR controlled Road, under the guidelines Council is not required to provide joint funding.

Prioritisation of these projects resulted in the first two Council roads ranking first and second within the South Burnett and receiving the full amount of joint 50/50 funding sought. However, because the project on the Maidenwell Bunya Mountains Road was the lowest ranking, there was only \$70k funding left towards this \$700k project. Since this will not fund the project, in liaison with the RRTG Technical Committee, it was determined to reallocate this funding across the other currently approved projects within the South Burnett, essentially accelerating and increasing the scope of the projects to fully utilise the funding available in each year.

The current approved program published in the QTRIP 2015-16 to 2018-19 is as follows:

Project	2015/16	2016/17	2017/18	2018/19
Gayndah Hivesville Rd Bridge	\$359,194			
Blackbutt Crows Nest Rd Widening	\$187,228	\$495,874	\$92,874	
Tingoora State School SafeST	\$69,500			
Murgon State School SafeST	\$65,000			
Base TIDS - Weens Road Bridge	\$130,000			
Kumbia Brooklands Rd Widening Stg 1				\$295,407
Kumbia Brooklands Rd Widening Stg 2			\$264,000	
Unallocated Base TIDS		\$130,839	\$139,000	\$139,000
Unallocated SafeST		\$134,919	\$69,500	\$69,500
TOTAL FUNDING / YEAR	\$810,922	\$761,632	\$565,374	\$503,907

A summary of the changes and additions to establish the proposed program included in the Recommendation is as described below:

1. The Kumbia Brooklands Road Stage 1 project is for widening to the west of the Stuart River Bridge towards Kumbia. This funding has been increased by \$40,122 and forward to financial years 16/17 and 17/18 as it has been identified by the Kumbia Police as a section requiring upgrade.
2. Kumbia Brooklands Road Stage 2 project is for the widening to the east of the Stuart River Bridge and is unchanged;
3. The funding amount of \$92,874 in 17/18 for Blackbutt Crows Nest Road has been brought forward to 16/17 with the balance of funding consistent with how this project will be delivered in the 16/17 financial year;
4. The project on Memerambi Barkers Creek Road has been able to be funded across both financial years 18/19 and 19/20 as a result of the above projects moving forward in the program;
5. The unallocated SafeST funding in 16/17 has been allocated to the Durong State School project and a proposed new project at the St John's Lutheran School in Ivy Street, Kingaroy. Future SafeST nominations from 17/18 onwards are not currently required; and
6. The nominal \$139,000 of Base (non-LRRS) funding has been allocated to bitumen reseals on local Council Roads.

It is considered that this new program will allow more efficient delivery of these projects by having larger allocations across no more than two consecutive financial years and accelerate projects that have previously been identified both internally and externally as high priorities.

5.3.3 D&TS - 1562892 - Meandu Mine Surface Rights Extension

Document Information

IR No 1562892

Endorsed By General Manager Infrastructure

Date 27 January 2016

Précis

This report recommends that Council delegate authority to the Chief Executive Officer to execute the documentation associated with the permanent Road Closures and Compensation Agreement required for the proposed Surface Rights Extension to Meandu Mine Mining Lease 6674 being undertaken by Stanwell Corporation.

Summary

Stanwell Corporation has submitted an application to the Queensland Government for a Surface Rights Extension (SRE) to the Meandu Mine ML6674, to facilitate expansion of the existing open cut coal mining operations towards the east of the existing mine. As part of the SRE process, Stanwell require the closure of parts of Ridge Road and other temporarily closed Roads which are common boundary Roads between South Burnett Regional Council and Toowoomba Regional Council, whereby the centreline of the Road is the boundary between the two Council areas.

Stanwell has requested that Council agree to the SRE resulting in the permanent closure of the Roads within the SRE area as per the detail in the map. Under the Mineral Resources Act, Stanwell are also required to enter into a Compensation Agreement with South Burnett Regional Council and other parties before the SRE is granted by the Queensland Government.

Officer's Recommendation

That Council delegate authority to the Chief Executive Officer to:

1. Agree to the terms and execute on behalf of Council a Compensation Agreement in accordance with the Mineral Resources Act between South Burnett Regional Council and TEC Coal Pty Ltd, a subsidiary of Stanwell Corporation; and
2. Provide consent and offer no objection to Stanwell Corporation submitting an application to the Department of Natural Resources and Mines for the permanent closure of the Roads as shown on the plan described as "Meandu Mine ML6674 Proposed Surface Rights Extension – Tenure and Roads Overview" Revision 5.4 and dated 8 January 2016.

As required to enable Stanwell Corporation to proceed to the next stage of the Surface Rights Extension to the Meandu Mine Mining Lease 6674.

Financial and Resource Implications

There are no financial and resource implications to Council other than the minor administrative time normally associated with Road Closure applications.

Link to Corporate/Operational Plan

- GO1 - A strong and sustainable regional economy
- INF1 - Infrastructure that meets our communities needs

Communication/Consultation (Internal/External)

Stanwell Corporation gave a presentation to Council on 9 November 2015 with regard to this Surface Rights Extension.

Legal Implications (Statutory Basis, Legal Risks)

Road Closures are administered by the Department of Natural Resources and Mines and the Compensation Agreement is a required by the Mineral Resources Act 1989.

Policy/Local Law/Delegation Implications

N/A

Asset Management Implications

A short length (1.5km) of Ridge Road will be removed from Council's asset register which will in turn result in a very minor reduction in depreciation and maintenance expense associated with this Road.

Forwarding Reconfiguration of a Lot (Boundary realignment) - Peterson Drive Coolabunia - Lot 71 FTZ37385 & Lot 54 FTZ37360 - Applicant: K Jessen C/- O'Reilly Nunn Favier - ROLC2016/0001

Summary

- The applicant seeks to rearrange the boundaries of Lot 71 FTZ37385 & Lot 54 FTZ37360 to consolidate the productive cropping land, presently located on both lots into a single allotment (proposed Lot 3);
- Subject site is included within the *Rural Locality (Rural Zone)* under the *Kingaroy Shire IPA Planning Scheme*;
- The proposed boundary realignment is considered to result in a favourable outcome in relation to the consolidation and protection of land with agricultural productive potential.
- It is recommended that Council *approve* a Development Permit - Reconfiguring a Lot for Boundary Realignment (2 lots into 2 lots), subject to reasonable and relevant conditions.

Officer's Recommendation

That Council *approve* a **Development Permit** for Reconfiguring a Lot – Boundary Realignment (2 lots into 2 lots) at Peterson Drive, Coolabunia & 488 Peterson Drive, Coolabunia on land described as (Lot 71 FTZ37385 & Lot 54 FTZ37360, subject to the following conditions –

General

GEN1. The subject site is to be developed generally in accordance with the plans and information submitted with the application:

- *Proposed Reconfiguration* - Drawing no: 5881P/1, Sheet No. 1 of 1, Rev: D, prepared by: O'Reilly Nunn Favier and dated: 13/01/16; and

Unless otherwise amended by the following conditions.

GEN2. All works, including the repair or relocation of services (Telstra, lighting) is to be completed at no cost to Council.

GEN3. The applicant is required to maintain the site in a clean and orderly state at all times, clearing declared weeds and feral animals.

Compliance Assessment

GEN4. All conditions of this approval are to be satisfied prior to Council issuing a Compliance Certificate for the sealing of the Survey Plan, and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

A Compliance Certificate fee will be charged, with payment required prior to Council approval of the associated documentation requiring compliance assessment.

Survey Marks

RAL1. Prior to the submission of the Survey Plan to Council, the applicant is to reinstate survey marks and install new survey marks in their correct position in accordance with the Survey Plan, and the work is to be certified in writing by a Licensed Surveyor.

Natural Resources Valuation Fees

RAL2. Payment of *Department of Natural Resources and Mines* valuation fee that will result from the issue of split valuations prior to Council sealing the Plan of Survey. The contribution is currently assessed at \$94.00 (2 x \$47.00); however, the actual amount payable will be based on Council's Register of Regulatory & Cost-Recovery Fees and the rate applicable at the time of payment.

Stormwater Drainage

ENG1. Management of stormwater shall be in accordance with Schedule 2, Tables S2.11, S2.12 and S2.13 *Design and Construction Standards* of the *Kingaroy Shire IPA Planning Scheme*.

ENG2. Post-development stormwater flows at the point of discharge to all downstream properties including road reserves must remain consistent with the pre-developed case.

ENG3. All stormwater drainage systems, including all surface, underground and roof water components, must effectively drain all stormwater falling on to the proposed development to Council's stormwater system, rain water tanks or other lawful point of discharge.

ENG4. Any new earthworks, landscaping, pavements or structures shall not concentrate or impede the natural flow of water across property boundaries and onto any other properties.

Property Access

ENG5. Property access shall be provided in accordance with the details in Table S2.7 – *Design and Construction Standards* of the *Kingaroy Shire IPA Planning Scheme*; and Council's standard Drawing No. SBRC 00049 *Rural Access*.

ENG6. Only one access to proposed Lot 3 will be permitted.

ENG7. Road works and the property entrances shall be constructed so as to:
a) permit access to and egress from the properties in a forward gear;
b) avoid a trip hazard to pedestrians;

- c) ensure that low-clearance vehicles can clear the cross-over pavement upon entering and leaving the property; and
- d) ensure that fencing, landscaping and letterboxes do not impede sight lines for vehicles entering or leaving the proposed reconfigured properties or travelling along the public road.

Earthworks

ENG8. Any proposed earthworks shall be undertaken in accordance with Kingaroy Shire IPA Planning Scheme Rural Locality Code - 015 - S 15.1 and S15.2.

Advice

ADV1. *Section 341(2)(a) of the Sustainable Planning Act 2009* provides that, if this approval is not acted upon within the period of two (2) years the approval will lapse. Note that in accordance with *section 341(7)* a related approval may extend the relevant (currency) period.

ADV2. This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the *Aboriginal Cultural Heritage Act 2003* you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore, be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence or otherwise of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding.

ADV3. Attached for your information is a copy of *Division 8* of the *Sustainable Planning Act 2009* as regards Rights of Appeal. With respect to Appeal Rights of Applicants, the following is drawn to your attention—

- a) the applicant's Appeal Period commences upon receipt of this advice and expires twenty (20) business days thereafter.
- b) should the applicant notify the Assessment Manager (Council) in writing of acceptance of the conditions of approval and that it is not intended to make an appeal, the Applicant's Appeal Period is at an end.

Financial and Resource Implications

No implication can be identified.
