COVID-19 vaccination clinics return to South Burnett

COVID-19 vaccination clinics will return to the South Burnett from next week.

The Pfizer-only clinics will provide first, second and booster doses to everyone over the age of five years.

The clinics will be walk-ins only.

“Getting vaccinated, or your booster shot if you are due, is one of the best things you can do to help slow the spread of COVID-19,” Darling Downs Health, acting Executive Lead, Health Emergency Operation Centre Michelle Forrest said.

“It will help protect you, your loved ones and community from getting serious sick, or ending up in hospital.”
