15.10 TRUSTEE LEASE - WONDAI CATTLE FACILITY

File Number: 11-05-2022
Author: Lease Officer
Authoriser: Chief Executive Officer

PRECIS

Council has finalised negotiations with the preferred tenderer for Delaven Enterprises Pty Ltd for the lease of the Wondai cattle facility.

SUMMARY

Council offered the lease of the cattle facility by way of tender, negotiations have been completed and the lease has been finalised and is ready for execution by Council.

OFFICER'S RECOMMENDATION

That South Burnett Regional Council:

1. Enter into a Trustee lease between South Burnett Regional Council and Delaven Enterprises Pty Ltd for Lot 257 FY2788 and part of Lot 250 on SP103905 being area described as Lease area B on SP333008.

FINANCIAL AND RESOURCE IMPLICATIONS

Delaven Enterprises Pty Ltd. (the Trustee Lessee) are to pay annual rental as per the tendered amount and any additional outgoings as per the negotiated lease agreement.

LINK TO CORPORATE/OPERATIONAL PLAN

GROWING OUR REGION'S ECONOMY AND PROSPERITY

GR4: Support and advocate for the development of an expanded and diversified agricultural economy, which may include, for example regenerative agriculture and centre for rural excellence and innovation.

COMMUNICATION/CONSULTATION (INTERNAL/EXTERNAL)

Council has sought legal advice as per the report presented to Council's Community Standing Committee, 8 December 2021. The Department of Resources has provided consent to the Trustee Lease.

LEGAL IMPLICATIONS (STATUTORY BASIS, LEGAL RISKS)

Offer of a lease by way of tender is in accordance with s227-228 of the *Local Government Regulation 2012*. The Trustee Lessee has the necessary insurance for work place health and safety risks in addition to the required public liability insurance.

POLICY/LOCAL LAW DELEGATION IMPLICATIONS

Acceptance of the tender and offering the property for lease is in accordance with Council's Disposal of Real Estate Policy.

ASSET MANAGEMENT IMPLICATIONS

The Lessee has commenced undertaking repairs and maintenance of the Wondai facility and has audited the safety of the double deck ramp as in alignment with the works plan submitted.

REPORT

Property Details

RPD: Lot 257 FY2788

Part of Lot 250 on SP103905 being the area described as Lease area B on SP333008

Address: 0 Bunya Highway Wondai Qld 4606

Expiry date: 31/03/2032

Background

The facility was offered for lease by way of tender. A report was provided to Council on 22 September 2021. Council requested further negotiation and investigations be undertaken to ensure that the appropriate measures were in place to administer the Work Health Safety obligations of both parties prior to the facility being opened.

Legal advice was sought, and an update provided to Council's Community Standing Committee on 8 December 2021.

The Lessee has provided to Council a works plan, participated in an onsite meeting with Council's Work Safety Advisor.

In principle consent has been provided by the Department of Resources for the registration of the Trustee Lease.

10.10 UPDATE ON COUNCIL NEGOTIATIONS WITH PREFERRED TENDERER FOR WONDAL CATTLE DIP FACILITY

File Number: 8-12-2021
Author: Lease Officer
Authoriser: Chief Executive Officer

PRECIS

Council resolved in resolution 2021/189 that Council negotiate with the preferred tenderer and report back to Council.

SUMMARY

Council has undertaken further negotiations with the preferred tender for the Wondal facility and sought legal advice on the terms of the Trustee Lease.

OFFICER'S RECOMMENDATION

That the report be received and noted

BACKGROUND

Council offered the Wondal facility for tender in July 2021. Council resolved to enter negotiation with the preferred tender to lease the facility. Legal advice has been sought to clarify Council's liability in respect of the current state of the premises and workplace health and safety (or public) risks.

The Lease has been amended requiring the Trustee Lessee (the preferred tenderer) to:

1. Take out insurance for workplace health and safety risks in addition to its public liability insurance.
2. Negating all warranties as the lawfulness or suitability of the premises as may be provided by Council and reference to the Premises is provided "as is where is".
3. A requirement for the Trustee Lessee to ensure that all improvements and structures on the Premises are compliant with:
 - (a) all legislative standards, including without limitation all workplace health and safety standards under the Work Health and Safety Act 2011 (Cth) and all subordinate legislation and guidelines;
 - (b) the Australian standards for livestock loading/unloading ramps AS45340:2020, or any subsequent or additional standards; and
 - (c) Council's reasonable requirements;
4. Allowing Council, the ability to retain the use of the premises for emergency animal husbandry or biosecurity protocols or to support stock route management and permits (being a special condition required by Council under its Tender)

To support the preferred tenderer to comply with the terms of the lease, the tenderer has proposed a works plan to make repairs prior to reopening the facility for their own use. Once additional identified works have been completed and operating guidelines are in place the facility will open to the public.

The preferred tenderer has met with Councils Safety System Officer and undertaken a site inspection to discuss the works plan. Prior to any use of the facility the loading ramp has been tested and tagged, the rusted slid repaired, vegetation around the ramp is minimised, no unauthorised entry signs installed, and locks placed on gates.

PRECIS

Reconfiguration of a lot - Boundary Realignment at Hodges Road, Kingaroy (and described as Lot 16 & 17 on RP7933) - Applicant: B & A Perrett C/- ONF Surveyors

SUMMARY

- This application seeks approval for a Development Permit for Reconfiguring a Lot – Boundary Realignment (2 into 2 lots).
- Lot configuration is as follows:
 - Total area of existing lot 16 is 40.77ha.
 - Total area of existing lot 17 is 27.46ha.
 - Proposed lot 1 is 62.72ha.
 - Proposed lot 2 is 4.5ha.
- The purpose of the boundary realignment is to create a larger, more viable farming unit.
- Proposed lot 1 will be used for agricultural purposes.
- Proposed lot 2 will contain the existing dwelling and outbuilding, creating a rural residential style allotment.
- Access details are as follows:
 - Existing lot 16 gains access from Hodges Road.
 - Existing lot 17 gain access from Hodges Road.
 - Proposed lot 1 will maintain access from Hodges Road.
 - Proposed lot 2 will maintain access from Hodges Road.
- The subject site is located in the Rural Zone of the South Burnett Regional Council Planning Scheme.
- Boundary realignment applications are subject to code assessment.
- The development application is assessed against the relevant codes of the South Burnett Regional Council Planning Scheme. Relevant codes including:
 - Reconfiguring a lot code;
 - Rural zone code;
 - Services and works code.
- Council issued an Information request about the following matters:
 - Location of wastewater disposal system; and
 - Rural impacts (e.g. nearby cattle yards) on rural 'residential' style allotment
- The application has been assessed and the proposal generally meets the requirements of the planning scheme and relevant codes or has been conditioned to comply (refer Attachment A – Statement of Reasons).
- Application recommended for approval subject to reasonable and relevant conditions.

OFFICER'S RECOMMENDATION

That Council approve the development permit for a Reconfiguring a lot for a boundary realignment (2 into 2 lots) at Hodges Road (and described as Lot 16 & 17 on RP7933), subject to the following conditions.

Delegated Authority _____ Date: _____

GENERAL

GEN1. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval.

Drawing Title	Prepared by	Ref No.	Rev.	Date
Boundary Realignment Vegetation Buffer	ONF Surveyors	10042P/1		01/12/2021
	Amendments made in red by Council on survey plan created by ONF Surveyors.	10042P/1	Amendments made in red by Council.	01/12/2021

GEN2. All works, including the repair or relation of services (Telstra, lighting) is to be completed at no cost to Council.

APPROVED USE

GEN3. The approved development is Reconfiguring a lot (Boundary realignment) as shown on the approved plans.

COMPLIANCE

GEN4. All conditions of this approval are to be satisfied prior to Council endorsing the Survey Plan, and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

A fee will be charged, with payment required prior to Council's approval of the associated documentation requiring assessment.

OUTSTANDING FEES

GEN5. Prior to sealing of Survey Plan the applicant is required to pay the Council all rates and charges or any expenses being charged over the subject land under any Act in accordance with Schedule 18 Section 69 of the *Planning Regulation 2017*.

SURVEY MARKS

RAL1. Prior to the submission of the Survey Plan to Council, the applicant is to reinstate survey marks and install new survey marks in their correct position in accordance with the Survey Plan, and the work is to be certified in writing by a Licensed Surveyor.

VALUATION FEES

RAL2. Payment of *Department of Natural Resources and Mines* valuation fee that will result from the issue of split valuations prior to Council sealing the Survey Plan. The contribution is currently assessed at \$96.00 (2 x \$48.00); however, the actual amount payable will be based on Council's Register of Regulatory & Cost-Recovery Fees and the rate applicable at the time of payment.

PLANNING

RAL3. All development involving the emission of noise, odour and dust from ongoing uses, building and/or construction activities, must ensure that the emissions are in accordance with the requirements of the *Environmental Protection Act 1994*.

Timing: As indicated.

PROPERTY BOUNDARIES

RAL4. All existing on-site structure, dams and sewerage treatment facilities including transpiration and irrigation areas are to be relocated so as not to cross the proposed property boundary.

Delegated Authority _____ Date: _____

LANDSCAPING

RAL5. Prior to Council's endorsement of the survey plan, establish an 8m wide vegetation buffer consisting of two rows of trees extending along the north-western boundary of proposed lot 2 (area marked in red on approved plans).

Establishment and species selection is to be in accordance with the 'Branching Out – Your handy guide to tree planting in the South Burnett' document.

RAL6. Existing vegetation between around the dwelling house on proposed lot 2 and the cattle yards on proposed lot 1 is to be retained.

ENGINEERING WORKS

ENG1. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to Council's endorsement of the Survey Plan unless stated otherwise.

ENG2. Undertake Engineering designs and construction in accordance with the Planning Scheme, Council's Standard Drawings, relevant Australian Standards, Codes of Practice, and relevant design manuals

ENG3. Be responsible for any alteration necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

ENG4. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.

ENG5. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.

STORMWATER MANAGEMENT

ENG6. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows on other properties or that create an increase in flood damage on other properties.

ON-SITE WASTEWATER DISPOSAL

ENG9. On-site wastewater treatment facilities, including land application areas shall meet the setbacks requirements of the AS 1547 and the Queensland Plumbing and Waste Water Code 2019.

TELECOMMUNICATION

ENG12. Provide telecommunications to all lots within the development.

ELECTRICITY

ENG16. Provide electricity supply to all lots within the development to comply with Ergon Energy's requirements, and/or to Council, written confirmation from Ergon Energy that an agreement has been made for the supply of electricity.

ADVICE

ADV1. Section 85 (1)(b)(i) of the *Planning Act 2016* provides that, if this approval is not acted upon within the period of two (2) years the approval will lapse.

Delegated Authority

Date

ADV2. This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore, be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence or otherwise of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding. A search can be arranged by visiting <https://www.datsip.qld.gov.au> and filling out the Aboriginal and Torres Strait Islander Cultural Heritage Search Request Form.

REPORT

The applicant seeks approval for a Reconfiguring a Lot for a Boundary Realignment (2 into 2 lots).

APPLICATION SUMMARY	
Applicant:	B and A Perrett C/- ONF Surveyors
Proposal:	Reconfiguration of a lot - Boundary Realignment
Proposed Date:	2 December 2021
Street Address:	198 Hodges Road, Kingaroy 216 Hodges Road, Kingaroy
RP Description:	Lot 16 on RP7933 Lot 17 on RP7933
Assessment Type:	Code
Number of Submissions:	N/A
State Referral Agencies:	N/A
Referred Internal Specialists:	Development Engineer

The following table describes the key development parameters for the proposal:

DEVELOPMENT PARAMETERS	
Number of Proposed Lots	2
Size of Proposed Lots	Proposed lot 1: 63.72ha Proposed lot 2: 4.5ha
Easements	Nil
Covenants	Nil

SITE DETAILS:

SITE AND LOCALITY DESCRIPTION		
Land Area:	Total: 68.22ha	
Existing Use of Land:	Both lots are currently used for cropping and grazing purposes along the Stuart River. Both lots have existing dwellings, farm sheds and other infrastructure to support agricultural activities.	
Road Frontage:	Hodges Road	
Road/s	Road Hierarchy	
Hodges Road	Access Primary – Gravel seal	
Hoopers Road	Access Primary/ Access Secondary – Gravel seal	
Easements	N/A	
Significant Site Features:	Allotment adjoining Stuart River to the west.	
Topography:	Relatively flat / Slightly sloping towards the Stuart river.	
Surrounding Land Uses:	Land Use	Zone/Precinct
North	Cultivation	Rural
South	Cultivation/ rural res lots	Rural/ rural residential
East	Cultivation	Rural
West	Vacant rural land/ livestock grazing	Rural
Services:	Electricity

ASSESSMENT:

Framework for Assessment

Categorising Instruments for Statutory Assessment

For the *Planning Act 2016*, the following Categorising Instruments may contain Assessment Benchmarks applicable to development applications:

- The *Planning Regulation 2017*
- the Planning Scheme for the local government area
- any Temporary Local Planning Instrument
- any Variation Approval

Of these, the planning instruments relevant to this application are discussed in this report.

Assessment Benchmarks Pertaining to the Planning Regulation 2017

The following Assessment Benchmarks from the *Planning Regulation 2017* are applicable to this application:

PLANNING REGULATION 2017 DETAILS	
Assessment Benchmarks:	Nil.
WBB Regional Plan Designation:	N/A

Assessment Benchmarks Pertaining to the Planning Scheme

The applicable planning scheme for the application is South Burnett Regional Council Version 1.4. The following sections relate to the provisions of the Planning Scheme.

Planning Scheme:	South Burnett Regional Council Planning Scheme Version 1.4
Strategic Framework Land Use Category:	Rural
Zone:	Rural
Precinct:	N/A
Consistent/Inconsistent Use:	N/A
Assessment Benchmarks:	Reconfiguring a lot Code Rural zone Code Services and works Code

Assessment Benchmarks – Planning Scheme Codes

The application has been assessed against each of the applicable codes and found to be compliant with, or can be conditioned to comply with, each. The pertinent issues arising out of assessment against the codes are discussed below:

ACCEPTABLE OUTCOME	ASSESSMENT MANAGER'S RESPONSE
RURAL ZONE CODE	
Section 1 - General	

Delegated Authority

Date:

<p>PO1 Development maintains rural amenity and character.</p>	
<p>AO1.1 Buildings are set back 20m from any collector or higher order road and 10m from any other road frontage. and AO1.2 The use does not cause odour, noise or air emissions in excess of the prescribed limits in the Environmental Protection (Air) Policy 1997 or the Environmental Protection (Noise) Policy 1997.</p>	<p>Complies – The existing buildings are more than 150m from a road. There are no new buildings proposed as a part of this application.</p> <p>✓ There are no new uses proposed as a part of this application. The development will not disrupt the rural amenity and character of the surrounding area.</p>
<p>PO2 Development does not jeopardise the rural production capacity of the Zone.</p>	
<p>Development resulting in lots less than the minimum size in Table 8.4.2 satisfying outcomes – AO2.1 The proposal is necessary for the efficient production and processing of a crop grown in the area. or AO2.2 The proposal provides an alternate productive rural activity that supports regionally significant industry. or AO2.3 An agricultural sustainability report prepared by a suitably qualified agronomist demonstrates that – (a) The lot is suitability sized for the proposed activity, including a dwelling house including yard; and (b) There is sufficient water for the proposed activity; and (c) The allotment is capable of being connected to reticulated electricity; and (d) The proposed activity is financially viable, requiring a viability assessment that includes capital costs, operational costs, sustainable yields to support a family, climate, soils and geological factors affecting crop growth, nutrients, salinity, topography, susceptibility to flooding and erosion and an assessment of market robustness (both recent and projected) and alternative practices in the event of failure. and AO2.4 Development is consistent with any Soil Conservation Plan that applies to the locality, as approved by the relevant State agency.</p>	<p>Complies – The existing allotments are currently below the minimum 100ha (lot 16 – 40.77ha, lot 17 – 27.46ha). The boundary realignment will consolidate the agricultural land onto proposed lot 1 to enhance the productive capacity of the allotment. As a result, proposed lot 1 will be 63.72ha and proposed lot 2 will be 4.5ha.</p> <p>✓ No new uses are proposed. The agricultural viability of proposed lot 1 will be increased.</p> <p>N/A – This development application does not necessitate the need for an Agricultural sustainability report.</p>
<p>PO3 Development does not result in any degradation of the natural environment, in terms of the geotechnical, physical, hydrological and environmental characteristics of the site and its setting.</p>	
<p>AO3.1 Uses and associated works are confined to existing lawfully cleared land or areas not supporting regulated vegetation. and AO3.2 Uses and associated works are confined to areas outside stormwater discharge points, overland flow paths, watercourses and natural drainage features. and AO3.3 Development, excluding forestry activities and permanent plantations, adjacent to National Parks or</p>	<p>Complies – The subject site is predominately cleared and used for cultivation and livestock grazing. The proposal does not involve any change to the environmental characteristics of the site.</p> <p>N/A – No new uses proposed. The proposal is consistent with the existing features of the site.</p> <p>N/A</p>

Item

Page 9

Delegated Authority	Date
State Forests is set back a minimum of 100m from the park boundaries in the absence of any current 'Management Plans' for these areas	
PO4 Development is not exposed to risk from natural hazard relating to land slip.	
AO4.1 Uses and associated works are confined to slopes not exceeding: (a) 15% for residential uses; (b) 10% for treated effluent disposal areas; (c) 6% for non-residential uses.	N/A – No new uses or works are proposed. The site is relatively flat.
PO5 Development is adequately serviced.	
AO5.1 A 45kl water tank is provided for consumption purposes. and AO5.2 On-site sewage treatment is provided. and AO5.3 Each dwelling is provided with a service line connection to the electricity supply and telecommunications networks.	Complies – The site will continue to be used for agricultural pursuits. The existing dwellings are serviced with on-site water and sewer and are connected to the electricity and telecommunications. Relevant conditions added to ensure compliance.
PO6 Development is located and designed to ensure that land uses are not exposed to: (a) Areas that pose a health risk from previous activities; and (b) Unacceptable levels of contaminants.	
AO6.1 Development does not occur: (a) In areas that pose a health risk from previous activities; and (b) On sites listed on the Contaminated Land Register or Environmental Management Register. or AO6.2 Areas that pose a health risk from previous activities and contaminated soils which are subject to development are remediated prior to plan sealing, operational works permit, or issuing of building works permit.	Complies – The property is not listed on the CLR or EMR. No new uses are proposed as a part of this boundary realignment application.
Section 6 – For development affected by one or more overlays	
Agricultural land Overlay	
PO15 The productive capacity and utility of agricultural land for rural activities is maintained.	

Delegated Authority <input type="checkbox"/>		Date <input type="checkbox"/>	
			
<p>AO18.1 Uses and associated works are confined to areas not identified on Overlay Map 05.</p> <p>or</p> <p>AO18.2 Development is compatible with the environmental values of the area.</p> <p>or</p> <p>AO18.3 Where development within an area identified on Overlay Map 05 is unavoidable, measures recommended by a suitably qualified ecologist are incorporated to protect and retain the environmental values and underlying ecosystem processes within or adjacent to the development site to the greatest extent practical.</p>		<p>Complies – Stuart River is identified as a waterway corridor on the Biodiversity overlay. The proposed new boundary will not impact on the environmental values of the area. No new uses are proposed.</p>	
<p>PO19 Biodiversity values of identified areas of environmental significance are protected from the impacts of development.</p>			
<p>AO19.1 Development adjacent to Protected Areas identified on Overlay Map 05 is set back a minimum of 100m from the park boundaries in the absence of any current 'Management Plans' for these areas.</p>		<p>N/A – No new uses are proposed.</p>	
<p>PO20 There are no significant adverse effects on water quality, ecological and biodiversity values.</p>			
<p>AO20.1 Uses and associated works are confined to areas outside overland flow paths and natural drainage features.</p> <p>and</p> <p>AO20.2 All buildings, on-site effluent disposal, external activities or storage areas are located 100m from the top of the bank of a river, creek, stream or wetland identified on Overlay Map 05.</p> <p>and</p> <p>AO20.3 The Waterway Corridors identified on Overlay Map 05 are maintained in a natural state.</p>		<p>✓ This proposal will not impact on the existing overland flows and drainage.</p> <p>N/A</p> <p>✓ The waterway corridor (Stuart River) will be maintained in a natural state.</p>	
<p>Bushfire hazard overlay</p>			

Delegated Authority		Date:
<p>PO21 Development is not placed at unacceptable risk from bushfire, does not increase the extent or severity of bushfire and maintains the safety of people and property from bushfire.</p>		
<p>AO21.1 Development does not occur in areas mapped as Very High or High Potential Bushfire Intensity Areas on the SPP Interactive Mapping (Plan Making).</p> <p>or</p> <p>AO21.2 A written assessment by a suitably experienced or qualified person confirms that the site is of Low Potential Bushfire Hazard.</p> <p>or</p> <p>AO21.3 For areas mapped as Medium Potential Bushfire Intensity Areas on the SPP Interactive Mapping (Plan Making), bushfire risk is mitigated through a Bushfire Management Plan incorporating:</p> <p>(a) Lot design and the siting of buildings and uses so:</p> <p>(i) high intensity uses are located on the least bushfire prone area on the site and activities least susceptible to fire are sited closest to the bushfire hazard; and</p> <p>(ii) efficient emergency access is optimised; and</p> <p>(iii) bushfire risk is effectively minimised having regard to aspect, elevation, slope and vegetation.</p> <p>(b) Including firebreaks that provide adequate:</p> <p>(i) setbacks between buildings/ structures and hazardous vegetation; and</p> <p>(ii) access for fire fighting or other emergency vehicles; and</p> <p>(c) Road access for fire-fighting appliances and firebreaks are provided through a perimeter road that separates the use from areas of bushfire hazard and that road has a minimum cleared width of 20 metres; and</p> <p>(d) Where a reticulated water supply is not available and development involves buildings with a gross floor area greater than 50m², one tank within 100m of each residential building that has:</p> <p>(i) fire brigade tank fittings; and</p> <p>(ii) 25,000 litres dedicated for fire fighting purposes.</p>	<p>Complies – A small portion of the site is within the potential bushfire impact buffer. There are no existing buildings within the overlay and there are no new buildings or uses proposed as a part of this boundary realignment application. There is no increased risk as a result of the proposed new boundaries.</p> <p>N/A</p>	
<p>PO22 Community infrastructure in any area mapped as Very High to Medium (Potential Intensity) Areas are able to function effectively during and immediately after bushfire events.</p>		
<p>AO22.1 No outcome specified.</p>	<p>N/A</p>	

Delegated Authority	Date
<p>PO23 Public safety and the environment are not adversely affected by the detrimental impacts of bushfire on hazardous materials manufactured or stored in bulk.</p>	
<p>AO23.1 No hazardous materials, manufactured or stored in bulk, are on land mapped as Very High to Medium (Potential Intensity) Areas.</p>	<p>N/A – The property is not mapped in any areas marked as very high to medium potential bushfire areas.</p>
<p>PO24 Major risks to the safety or property and to the wellbeing of occupants in areas mapped as Very High to Medium (Potential Intensity) Areas is minimised through appropriate siting, servicing and managing of residential premises.</p>	
<p>AO24.1 New dwellings on land mapped as Very High to Medium (Potential Intensity) Areas are located:</p> <p>(a) Centrally within existing cleared areas on a lot which allows a regular shaped area (with a minimum dimension of 50m) of 5,000m² to be identified that:</p> <p>(i) is free of highly combustible vegetated areas; and</p> <p>(ii) is on southerly to easterly facing slopes not exceeding 15% gradient; or</p> <p>(iii) on flat lands at the base of north to western facing slopes not exceeding 15% gradient;</p> <p>(b) A fire protection buffer is established around the complete perimeter of the dwelling unit within a lot for a minimum width of 50m.</p>	<p>N/A – The property is not located within the very high to medium bushfire hazard areas. The existing buildings are not located within any bushfire hazard area. There are no new dwellings proposed.</p>
<p>Flood hazard overlay</p>	
	
<p>PO28 Development is not exposed to risk from flood events by responding to flood potential and maintains personal safety at all times.</p>	
<p>AO28.1 All new allotments include an area of sufficient size to accommodate the intended land use outside the area identified on Overlay Map 03.</p> <p>and</p> <p>AO28.2 New buildings are not located within the area identified on Overlay Map 03;</p> <p>or</p> <p>AO28.3 Development is sited above the 1%AEP flood event where known, or the highest known flood event, as follows:</p> <p>(a) Habitable floor levels - 500mm;</p> <p>(b) Non-habitable floor levels - 300mm;</p>	<p>Complies – The new allotments have sufficient area outside of the flood hazard area. The flood hazard overlay will not impact on the existing agricultural use of the site. No new uses are proposed.</p> <p>N/A - All of the existing buildings are outside of the nominated flood hazard area. There are no new buildings proposed as a part of the development application.</p>

Delegated Authority	Date
<p>(c) On-site sewage treatment and storage areas for potential contaminants - 300mm; (d) All other development - 0mm. and AO28.4 Building work below the nominated flood level allows for the flow through of flood water at ground level: (a) The structure below flood level is unenclosed; or (b) Any enclosure below flood level aligns with the direction of water flow; or (c) Any enclosure not aligning with the direction of water flow must have openings that are at least 50% of the enclosed area with a minimum opening of 75mm. and AO28.5 Resilient building materials are used below the nominated flood level in accordance with the relevant building assessment provisions. and AO28.6 Signage is provided on site indicating the position and path of all safe evacuation routes off the site.</p>	
<p>PO29 Development directly, indirectly and cumulatively avoids any significant increase in water flow, velocity or flood level, and does not increase the potential for flood damage either on site or other properties.</p>	
<p>AO29.1 Works associated with the proposed development do not: (a) involve a net increase in filling greater than 50m³; or (b) result in any reductions of onsite flood storage capacity and contain within the site any changes to depth/duration / velocity of flood waters; or (c) change flood characteristics outside the site in ways that result in: (i) loss of flood storage; (ii) loss of/changes to flow paths; (iii) acceleration or retardation of flows; or (iv) any reduction in flood warning times.</p>	<p>N/A – There are no cut or fill works proposed as a part of this boundary realignment application.</p>
<p>PO30 Development avoids the release of hazardous materials into floodwaters.</p>	
<p>AO30.1 Materials manufactured or stored on site are not hazardous in nature. or AO30.2 Hazardous materials and any associated manufacturing equipment are located above the nominated flood level.</p>	<p>Complies – The existing buildings are located outside of the flood hazard area.</p>
<p>PO31 Community infrastructure in any area mapped as Flood Hazard is able to function effectively during and immediately after flood.</p>	
<p>No outcome specified</p>	<p>N/A</p>
<p>RECONFIGURING A LOT CODE</p>	
<p>Section 1 – Boundary realignment</p>	

Delegated Authority

Date: □ □

<p>PO1 The boundary realignment: (a) results in lots that are consistent with the established subdivision pattern of the local area; (b) maintains or improves the utility of the lots; (c) does not create a situation where the use or buildings on the resulting lots become unlawful.</p>	
<p>AO1.1 Development provides that allotment area, dimension and shape are in accordance with the standards in Table 8.4.2, except where the reconfiguration is boundary realignment and the outcome is preferable to the current allotment configuration. and AO1.2 The utility of the lots is maintained or improved where: (a) a frontage to depth ratio exceeds that of the existing allotments; (b) access is provided to an allotment that previously had no access or an unsuitable access; (c) an existing boundary encroachment by a building or areas is corrected; and AO1.3 The realignment does not result in a building contravening the setback, standards required by this Planning Scheme or relevant building regulations. and AO1.4 The realignment results in a larger lot that is a more viable farming unit.</p>	<p>Complies – The reconfiguration is a boundary realignment. The proposed new boundary results in a larger more viable farming unit (lot 1). Proposed lot 2 will be similar size and shape to surrounding rural 'residential' style allotments.</p> <ul style="list-style-type: none"> ✓ The boundary realignment will not impact on the utility of both allotments. The proposed allotment shapes are considered consistent with the surrounding area. <p>Complies – All existing buildings meet the required setback to the proposed new boundaries.</p> <ul style="list-style-type: none"> ✓ The realignment results in a larger lot that is a more viable farming unit.
<p>PO2 The boundary realignment facilitates the creation or consolidation of a viable farming unit.</p>	
<p>AO2.1 Where covered by the Overlay Map 08: (a) new lot boundaries enhance viable farming units; and (b) the boundaries ensure that a new dwelling is not on agricultural land. and (c) the reconfiguration satisfies the acceptable outcomes in section 6 of the Rural Zone code.</p>	<p>Complies – The boundary realignment will not impact on the viability of the existing agricultural use of the site. The boundary realignment will increase the agricultural productivity of proposed lot 1.</p> <ul style="list-style-type: none"> ✓ No new dwellings are proposed. ✓ Section 6 of the Rural zone code has been addressed above.
<p>Section 4 – All reconfiguring a lot subject to an overlay</p>	
<p>Agricultural land overlay</p>	
<p>PO16 The productive capacity and utility of agricultural land for rural activities is maintained.</p>	
<p>AO16.1 In the Rural zone only, no additional allotments are created in the area identified as agricultural land on SPP Interactive Mapping (Plan Making); or AO16.2 In the Rural zone only, a Farm management plan prepared by a suitably qualified agronomist demonstrates that the existing productivity of the land area is not reduced.</p>	<p>N/A – No additional allotments are proposed.</p> <ul style="list-style-type: none"> ✓ Proposed lot 1 will be a larger more viable farming unit. There are no new uses proposed and thus, a Farm management plan is not necessary as a part of this development application.
<p>Bushfire hazard overlay</p>	

Delegated Authority	Date
<p>PO19 Development is not placed at unacceptable risk from bushfire, does not increase the extent or severity of bushfire and maintains the safety of people and property from bushfire.</p>	
<p>AO19.1 Development does not occur in areas mapped as Very High, High or Medium Potential Bushfire Intensity Areas on the SPP Interactive Mapping (Plan Making). or AO19.2 A written assessment by a suitably experienced or qualified person confirms that the site is of Low Potential Bushfire Hazard. or AO19.3 Bushfire risk is mitigated through a Bushfire Management Plan incorporating: (a) Lot design that (i) Locates high intensity uses on the least bushfire prone area on the site and activities least susceptible to fire closest to the bushfire hazard; and (ii) Optimises efficient emergency access; and (iii) Considers the bushfire risk associated with aspect, elevation, slope and vegetation. (b) Firebreaks to protected vegetation included in the subdivision layout providing access for fire fighting or other emergency vehicles and AO19.4 Road layouts facilitate easy and safer access and movement by emergency vehicles in the event of encroaching fire and provides that an alternative safe access (if one direction is blocked in the event of fire) is maintained at all times.</p>	<p>✓ Discussed in Section 6 Rural zone Code. Minimal bushfire hazard area identified over the subject allotments.</p>
<p>Flood hazard overlay</p>	
<p>PO20 Development is not exposed to risk from flood events by responding to flood potential and maintains personal safety at all times.</p>	
<p>AO20.1 All new allotments include an area of sufficient size to accommodate the intended land use outside the area identified on Overlay Map 03.</p>	<p>✓ Discussed in Section 6 Rural zone Code. The new boundary allows sufficient area outside of the flood hazard for the existing use to continue.</p>
<p>PO21 Development directly, indirectly and cumulatively avoids any significant increase in water flow, velocity or flood level, and does not increase the potential for flood damage either on site or other properties.</p>	
<p>AO21.1 Works associated with the proposed development do not: (a) involve a net increase in filling greater than 50m³; or (b) result in any reductions of on-site flood storage capacity and contain within the site any changes to depth / duration/velocity of flood waters; or (c) change flood characteristics outside the site in ways that result in: (i) loss of flood storage; (ii) loss of/changes to flow paths; (iii) acceleration or retardation of flows; or (iv) any reduction in flood warning times.</p>	<p>✓ Discussed in Section 6 Rural zone Code – There are no works associated with the proposed boundary realignment.</p>
Item	Page 17

Delegated Authority	Date
SERVICES AND WORKS CODE	
Section 1 - General	
PO1 The development is planned and designed considering the land use constraints of the site for achieving stormwater design objectives.	
AO1.1 A stormwater quality management plan provides for achievable stormwater quality treatment measures that meet the design objectives identified in Table 9.4.4.	N/A - This development application does not necessitate the need for a stormwater quality management plan.
PO2 Development does not discharge wastewater to a waterway or off-site unless demonstrated to be best practice environmental management for that site.	
AO2.1 A wastewater management plan prepared by a suitably qualified person and addresses : (a) wastewater type; (b) climatic conditions; (c) water quality objectives; (d) best-practice environmental management; and AO2.2 Wastewater is managed in accordance with a waste management hierarchy that: (a) avoids wastewater discharge to waterways; or (b) minimises wastewater discharge to waterways by re-use, recycling, recovery and treatment for disposal to sewer, surface water and groundwater.	N/A - This development application does not necessitate the need for a wastewater management plan.
PO3 Construction activities avoid or minimise adverse impacts on stormwater quality.	
AO3.1 An erosion and sediment control plan addresses the design objectives for the construction phase in Table 9.4.4.	N/A - This development application does not necessitate the need for an erosion and sediment control plan.
PO4 Operational activities avoid or minimise changes to waterway hydrology from adverse impacts of altered stormwater quality and flow	
AO4.1 Development incorporates stormwater flow control measures to achieve the design objectives for the post-construction phase in Table 9.4.4.	N/A - This development application does not necessitate the need for stormwater flow control measures.
Section 2 - Infrastructure	
PO5 Development is provided with infrastructure which: (a) conforms with industry standards for quality; (b) is reliable and service failures are minimised; and (c) is functional and readily augmented.	
AO5.1 Except in the Rural zone, all development occurs on a site with frontage to a sealed road. and AO5.2 Infrastructure is designed and constructed in accordance with the standards contained in PSP1 – Design and Construction Standards.	N/A – The property is located in the rural zone. Both proposed lots 1 and 2 have access to a gravel road. ✓ Both new allotments will utilise existing accesses.

Delegated Authority	Date
Section 3 – Vehicle parking	
PO6 Vehicle parking and access is provided to meet the needs of occupants, employees, visitors and other users.	
<p>AO6.1 Vehicle parking spaces are provided on-site in accordance with Table 9.4.5.</p> <p>and</p> <p>AO6.2 A service bay is provided on-site for the service vehicle nominated in Table 9.4.5.</p> <p>and</p> <p>AO6.3 Driveway crossings are provided to the standard contained in PSP1 – Design and Construction Standards.</p> <p>and</p> <p>AO6.4 Vehicle parking and manoeuvring areas are provided in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>N/A - This development application does not necessitate the need for vehicle parking.</p>
Section 4 - Landscaping	
PO7 Landscaping is appropriate to the setting and enhances local character and amenity.	
<p>AO7.1 Landscaping is provided in accordance with the relevant zone code provisions.</p> <p>and</p> <p>AO7.2 Where shade tree planting is required in vehicle parking areas each planting bed has a minimum area of 2m2 and is unsealed and permeable.</p> <p>and</p> <p>AO7.3 Plantings along frontages or boundaries are in the form of defined gardens with three tier planting comprised of groundcovers, shrubs (understorey), and trees (canopy) and provided with a drip irrigation system, mulching and border barriers.</p>	<p>Complies – The boundary realignment creates a rural 'residential style' allotment, and the proposed boundary is between the dwelling and cattle yards on existing lot 16. To minimise potential impacts from the agricultural use on the residence on proposed lot 2, a vegetation buffer should be implemented on the north-western boundary of proposed lot 2. The vegetation buffer will separate the land uses to ensure long-term protection for both allotments. Thus, a visual barrier (vegetation screen) between the agricultural and residential use can significantly reduce conflict and resulting complaints as well as the perception of a nuisance.</p> <p>Relevant conditions added.</p>
PO8 Plant species avoid adverse impacts on the natural and built environment, infrastructure and the safety of road networks.	
<p>AO8.1 Landscaping utilises plant species that are appropriate for the location and intended purpose of the landscaping.</p> <p>and</p> <p>AO8.2 Species selection avoids non-invasive plants.</p>	<p>Complies – conditions added instructs applicant to utilise Council's 'Branching Out – Your handy guide to tree planting in the South Burnett' document.</p>
Section 5 – Filling and excavation	
PO9 Development results in ground levels that retain:	
<p>(a) access to natural light;</p> <p>(b) aesthetic amenity;</p> <p>(c) privacy; and</p> <p>(d) safety.</p>	

Delegated Authority

Date:

<p>AO9.1 The depth of: (a) fill is less than 2m above ground level; or (b) excavation is less than 2m below ground level. and AO9.2 The toe of the fill, or top of the excavation is not less than 0.5m inside the site property boundary. and AO9.3 Works do not occur on slopes over 15% in grade. and AO9.4 Retaining walls over 1m in height are terraced 1.5m for every 1m in height and landscaped. and AO9.5 Batter slopes are not steeper than 25% and are grassed and terraced 1.5m for every 1m in height. and AO9.6 Filling or excavation for the purpose or retention of water: (a) is certified by an RPEQ engineer to safely withstand the hydraulic loading; (b) directs overflow such that no scour damage or nuisance occurs on adjoining lots.</p>	<p>N/A – No cut or fill is proposed as a part of the boundary realignment application.</p>
<p>PO10 Filling or excavation does not cause damage to public utilities.</p>	
<p>AO10.1 Filling or excavation does not occur within 2m horizontally of any part of an underground water supply, sewerage, stormwater, electricity or telecommunications system.</p>	<p>N/A – No cut or fill is proposed as a part of this boundary realignment application.</p>
<p>PO11 Filling and excavation avoids water ponding on the premises or nearby premises that will adversely impact on the health of the community.</p>	
<p>AO11.1 Following filling or excavation: (a) the premises: (i) are self-draining; and, (ii) has a minimum slope of 0.25%; and, (b) surface water flow is: (i) directed away from neighbouring properties; or (ii) discharged into a stormwater drainage system designed and constructed in accordance with AS3500 section 3.2.</p>	<p>N/A – No cut or fill is proposed as a part of this boundary realignment application.</p>

Development Engineer		Council's Development Engineer provided standard engineering conditions.
Infrastructure Charges Unit		Refer to Attachment B – Infrastructure Charges Notice.

CONCLUSION:

The proposed development has been assessed with regard to the applicable assessment benchmarks as identified within the report. The proposal generally complies with the Assessment Benchmarks of the Rural zone code, Reconfiguring a lot code and Services and works code within the South Burnett Regional Council Planning Scheme.

The boundary realignment will create a larger more viable farming unit by consolidating the good quality agricultural land onto proposed lot 1. Proposed lot 2 will be 4.5ha and include the existing dwelling and outbuildings. A vegetation buffer between the agricultural and residential land uses will ensure the rural amenity is protected and any conflicts are minimised.

RECOMMENDATION:

It is recommended that the Reconfiguring a lot application (2 into 2 lots) at 198 and 216 Hodges Road, Kingaroy (and described as lots 16 & 17 on RP7933) be approved subject to the reasonable and relevant conditions pursuant to Section 60 of the *Planning Act 2016*.

NOTICE ABOUT DECISION – STATEMENT OF REASONS

The following information is provided in accordance with Section 63(4) & (5) of the Planning Act 2016

The development application for:

Type of Approval	Reconfiguring a lot (Boundary realignment)– Development permit
Level of Assessment	Code
Application No	RAL21/0024
Name of Applicant	B & A Perrett C/- ONF Surveyors
Street Address	198 Hodges Road, Kingaroy 216 Hodges Road, Kingaroy
Real Property Address	Lots 16 & 17 on RP7933

On 10 March 2022 the above development was:

Approved in full, with conditions.

1. Reasons for the Decision

The reasons for this decision are:

- 1. There are no additional lots proposed.
- 2. The boundary realignment will create a larger more viable farming unit, increasing the agricultural productivity of proposed lot 1.
- 3. The size and shape of proposed lot 2 is consistent with nearby rural 'residential' style allotments.
- 4. A vegetation buffer between the agricultural and residential land uses will ensure the rural amenity is protected and any conflicts are minimised.
- 5. The utility of the lots is maintained.
- 6. The natural hazard constraints are minimal for the existing agricultural use to continue.

2. Assessment Benchmarks

The following benchmarks apply to this development:

- Reconfiguring a lot code
- Rural zone code
- Services and works code

Note: Each application submitted to Council is assessed individually on its own merit.

INFORMATION NOTICE

Authority and Reasons for Charge

This Infrastructure Charges Notice has been given in accordance with section 119 of the *Planning Act 2016* to support the Local government’s long-term infrastructure planning and financial sustainability.

Appeals

Pursuant to section 229 and Schedule 1 of the *Planning Act 2016* a person may appeal an Infrastructure Charges Notice. Attached is an extract from the *Planning Act 2016* that details your appeal rights.

Automatic Increase Provision of charge rate (\$)

An infrastructure charge levied by South Burnett Regional Council is to be increased by the difference between the Producer Price Index (PPI) applicable at the time the infrastructure charge was levied, and PPI applicable at the time of payment of the levied charge, adjusted by reference to the 3-yearly PPI average¹. If the levied charge is increased using the method described above, the charge payable is the amount equal to the sum of the charge as levied and the amount of the increase.

However, the sum of the charge as levied and the amount of the increase is not to exceed the maximum adopted charge the Authority could have levied for the development at the time the charge is paid.

GST

The Federal Government has determined that contributions made by developers to Government for infrastructure and services under the *Planning Act 2016* are GST exempt.

Making a Payment

This Infrastructure Charges Notice cannot be used to pay your infrastructure charges.

To pay the levied charge, you must request an Itemised Breakdown showing the total levied charge payable at the time of payment. An Itemised Breakdown must be presented at the time of payment.

An Itemised Breakdown may be requested by emailing info@southburnett.qld.gov.au

Payment can be made at any of the following South Burnett Regional Council Offices:

- 69 Hart Street, Blackbutt, 4314;

¹ 3-yearly PPI average is defined in section 114 of the *Planning Act 2016* and means the PPI adjusted according to the 3-year moving average quarterly percentage change between financial quarters. PPI Index is the producer price index for construction 6427.0 (ABS PPI) index number 3101 – Road and Bridge construction index for Queensland published by the Australian Bureau of Statistics.

PRECIS

Reconfiguration of a lot - Boundary Realignment at 32-34 Burnett Street, Kingaroy (and described as Lot 42 & 43 on RP37004) - Applicant: Mervyn & Yvonne Pates C/- EMJAE Consulting

SUMMARY

- This application seeks approval for a Development Permit for Reconfiguring a Lot – Boundary Realignment (2 into 2 lots).
- Lot configuration is as follows:
 - Total area of existing lot 42 is 1,012m².
 - Total area of existing lot 43 is 1,270m².
 - Proposed lot 42 is 756m².
 - Proposed lot 43 is 1,526m².
- The purpose of the boundary realignment is to align the new boundary with the existing house fence.
- Proposed lot 42 has the existing dwelling house and domestic outbuildings.
- Proposed lot 43 is vacant and has the potential for a future dwelling.
- Access details are as follows:
 - Existing lot 42 gains access from Burnett Street.
 - Existing lot 43 currently has no access point.
 - Proposed lot 42 will maintain the existing access.
 - Proposed lot 43 will require a new access.
- The subject site is located in the Low density residential Zone of the South Burnett Regional Council Planning Scheme.
- Boundary realignment applications are subject to code assessment.
- The development application is assessed against the relevant codes of the South Burnett Regional Council Planning Scheme. Relevant codes including:
 - Reconfiguring a lot code;
 - Low density residential zone code;
 - Services and works code.
- Council issued an Information request in regard to setback compliance.
- The application has been assessed and the proposal generally meets the requirements of the planning scheme and relevant codes or has been conditioned to comply (refer Attachment A – Statement of Reasons).
- Application recommended for approval subject to reasonable and relevant conditions.

OFFICER'S RECOMMENDATION

That Council approve the development permit for a Reconfiguring a lot for a boundary realignment (2 into 2 lots) at 32-34 Burnett Street, Kingaroy (and described as Lot 42 & 43 on RP37004), subject to the following conditions.

GENERAL

GEN1. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval:

Delegated Authority

Date:

Drawing Title	Prepared by	Ref No.	Rev.	Date
Proposed Boundary Realignment	EMJAE Consulting	1214-02P11	A	24/11/2021
Proposed Lots – Detail Underlay	EMJAE Consulting	1214-02P12	A	24/11/2021

GEN2. All works, including the repair or relation of services (Telstra, lighting) is to be completed at no cost to Council.

APPROVED USE

GEN3. The approved development is Reconfiguring a lot (Boundary realignment) as shown on the approved plans.

COMPLIANCE

GEN4. All conditions of this approval are to be satisfied prior to Council endorsing the Survey Plan, and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

A fee will be charged, with payment required prior to Council's approval of the associated documentation requiring assessment.

OUTSTANDING FEES

GEN5. Prior to sealing of Survey Plan the applicant is required to pay the Council all rates and charges or any expenses being charged over the subject land under any Act in accordance with Schedule 18 Section 69 of the *Planning Regulation 2017*.

SURVEY MARKS

RAL1. Prior to the submission of the Survey Plan to Council, the applicant is to reinstate survey marks and install new survey marks in their correct position in accordance with the Survey Plan, and the work is to be certified in writing by a Licensed Surveyor.

VALUATION FEES

RAL2. Payment of *Department of Natural Resources and Mines* valuation fee that will result from the issue of split valuations prior to Council sealing the Survey Plan. The contribution is currently assessed at \$96.00 (2 x \$48.00); however, the actual amount payable will be based on Council's Register of Regulatory & Cost-Recovery Fees and the rate applicable at the time of payment.

PLANNING

RAL3. All development involving the emission of noise, odour and dust from ongoing uses, building and/or construction activities, must ensure that the emissions are in accordance with the requirements of the *Environmental Protection Act 1994*.

Timing: As indicated.

PROPERTY BOUNDARIES

RAL4. Obtain a Building Approval to demolish the shed contravening the proposed boundary line as outlined on the 'Proposed lots – Detail Underlay' plan.

Timing: Before sealing the survey plan.

ENGINEERING WORKS

ENG1. Submit to Council, an Operation Works application for all works that will become Council infrastructure.

ENG2. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to Council's endorsement of the Survey Plan unless stated otherwise.

Delegated Authority Date:

- ENG3. Undertake Engineering designs and construction in accordance with the Planning Scheme, Council's Standard Drawings, relevant Australian Standards, Codes of Practice, EDROC Regional Standards Manual and relevant design manuals.
- ENG4. Be responsible for any alteration necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

- ENG5. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.
- ENG6. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.

STORMWATER MANAGEMENT

- ENG7. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows on other properties or that create an increase in flood damage on other properties.
- ENG8. Discharge all minor storm flows that fall or pass onto the site to the lawful point of discharge in accordance with the Queensland Urban Drainage Manual (QUDM).

WATER SUPPLY

- ENG9. Connect the lots to Council's reticulated water supply system.
- ENG10. Design and construct all works in accordance with Council's requirements as set out in the WBBROC Design and Construction Guide, WSAA Guidelines and relevant development standards used by Council.
- ENG11. Install a separate water service connection to each lot as per Council's standards.

SEWERAGE

- ENG12. Connect all lots to Council's reticulated sewerage system.

Comment: Proposed Lot 43 is not currently serviced by sewer. Council will make alternations to the sewer network to service the lots upon an application being made to Council's Infrastructure Department. Please note that extending the sewer to proposed Lot 43 may require crossing proposed Lot 42.

- ENG12. Actual connection to Council's live sewerage infrastructure must be undertaken by or under the supervision of Council.

VEHICLE ACCESS

- ENG12. Any future dwelling on proposed Lot 43 shall construct a vehicle crossover in accordance with Council's Standard Drawing SBRC 00048 "Residential Property Access and Kerb Crossover".

TELECOMMUNICATION

- ENG12. Provide telecommunications to all lots within the development.

ELECTRICITY

- ENG16. Submit to Council, written confirmation from an electricity provider that an agreement has been made for the supply of electricity.

ADVICE

Delegated Authority

Date:

- ADV1: Section 85 (1)(b)(i) of the *Planning Act 2016* provides that, if this approval is not acted upon within the period of two (2) years the approval will lapse.
- ADV2: This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore, be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence or otherwise of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding. A search can be arranged by visiting <https://www.datsip.qld.gov.au> and filling out the Aboriginal and Torres Strait Islander Cultural Heritage Search Request Form.
- ADV3: Attached for your information is a copy of Chapter 6 of the *Planning Act 2016* as regards Appeal Rights.

ASSESSMENT:

Framework for Assessment

Categorising Instruments for Statutory Assessment

For the *Planning Act 2016*, the following Categorising Instruments may contain Assessment Benchmarks applicable to development applications:

- The *Planning Regulation 2017*
- the Planning Scheme for the local government area
- any Temporary Local Planning Instrument
- any Variation Approval

Of these, the planning instruments relevant to this application are discussed in this report.

Assessment Benchmarks Pertaining to the Planning Regulation 2017

The following Assessment Benchmarks from the *Planning Regulation 2017* are applicable to this application:

PLANNING REGULATION 2017 DETAILS	
Assessment Benchmarks:	Nil
WBB Regional Plan Designation:	N/A

Assessment Benchmarks Pertaining to the Planning Scheme

The applicable planning scheme for the application is South Burnett Regional Council Version 1.4. The following sections relate to the provisions of the Planning Scheme.

Planning Scheme:	South Burnett Regional Council Planning Scheme Version 1.4
Strategic Framework Land Use Category:	Urban
Zone:	Low density residential
Precinct:	N/A
Consistent/Inconsistent Use:	N/A
Assessment Benchmarks:	Reconfiguring a lot Code Low density residential zone Code Services and works Code

Assessment Benchmarks – Planning Scheme Codes

The application has been assessed against each of the applicable codes and found to be compliant with, or can be conditioned to comply with, each. The pertinent issues arising out of assessment against the codes are discussed below:

ACCEPTABLE OUTCOME	ASSESSMENT MANAGER'S RESPONSE
LOW DENSITY RESIDENTIAL ZONE	
Section 2 - General	

Delegated Authority

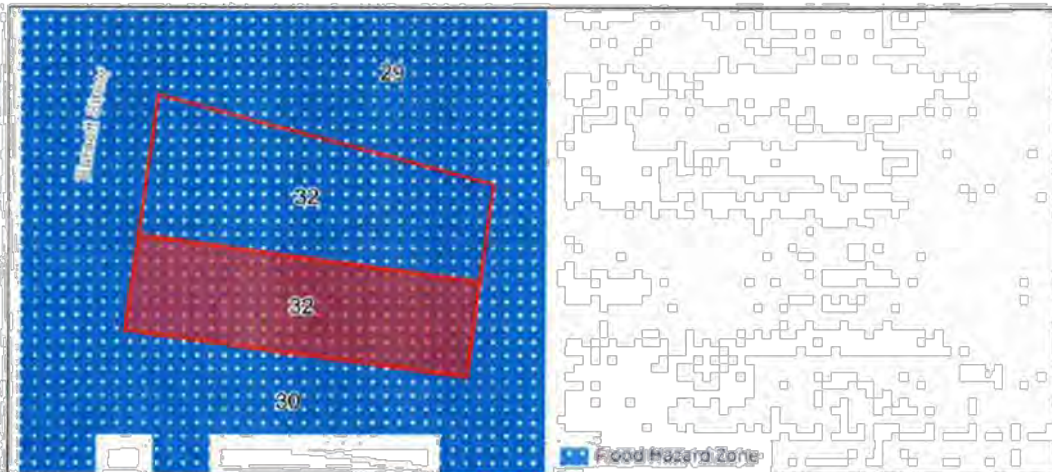

Date:

<p>PO2 The density, built form and appearance of development reflects the intended low density, detached housing character of the zone, is climatically responsive and facilitates casual surveillance of the street.</p>	
<p>AO2.1 Site cover does not exceed 50% except for the Bunya Mountains Precinct where the maximum site cover is 10%. and AO2.2 Buildings are a maximum of 2 storeys above ground level. and AO2.3 Pedestrian entrances to buildings are clearly visible from the street. and AO2.4 The maximum length of any façade without articulation or change of materials is 10m. and AO2.5 Buildings are set back at least: (a) 6m from the primary street frontage; (b) 4.5m from any secondary street frontage; (c) 1.5m from side boundaries; and (d) 6m from rear boundaries. and AO2.6 A 1.8m high screen fence is provided to the side and rear boundaries. and AO2.7 Plant and service equipment (air conditioning, exhaust fans, lift motor rooms, refuse bins, telecommunication devices, etc) are integrated into the building. and AO2.8 Garages are at or behind the ground level front building setback. and AO2.9 Front façades incorporate the front door (and an associated front door identification structure) and living room windows or balconies oriented toward the street. and AO2.10 Each unit incorporates a private open space at least 20m² in area and 4 metres wide that directly adjoins the unit's principal living area and is oriented northward. and AO2.11 Front fences are less than 1.2 metres high. and AO2.12 Where a dual occupancy in the Low Density Residential zone, each unit has: (a) independent driveway access to its respective street frontage; and (b) Its front door (and an associated front door identification structure) and living room windows or balconies oriented toward its respective street frontage.</p>	<ul style="list-style-type: none"> ✓ The proposed boundary realignment does not result in the site cover being more than 50%. ✓ No new buildings or uses are proposed.
<p>PO3 Development responds to natural landforms and stormwater flows.</p>	
<p>AO3.1 Cut and fill is minimised. and AO3.2 For building sites steeper than 10%, elevated split-level building construction is used to achieve level changes.</p>	<ul style="list-style-type: none"> ✓ No cut or fill is proposed. ✓ No new buildings are proposed.

Delegated Authority	Date:
PO4 Development is adequately serviced.	
<p>AO4.1 Development is connected to reticulated water supply and sewerage. And AO4.2 Stormwater is discharged to a lawful point of discharge or to downstream properties but only with the consent of the affected landowners. And AO4.3 Development is supplied with reticulated electricity and telecommunications services.</p>	<p>✓ Relevant conditions added to ensure both allotments are connected to reticulated water supply, electricity and telecommunications.</p>
PO5 The efficiency and safety of the road network is not compromised by inappropriate access arrangements.	
No outcome specified.	<p>✓ Proposed lot 43 will require a residential access constructed when the site is development with a dwelling.</p>
PO6 Refuse storage areas:	
<p>(a) are conveniently located for use and collection; and (b) are of useable size; and (c) avoid adverse impacts on neighbours and occupants; and (d) are screened from view within the site, adjoining properties and the street.</p>	
No outcome specified.	N/A
PO7 Development is located and designed to ensure that land uses are not exposed to:	
<p>(a) Areas that pose a health risk from previous activities; and (b) Unacceptable levels of contaminants.</p>	
<p>AO7.1 Development does not occur: (a) In areas that pose a health risk from previous activities; and (b) on sites listed on the Contaminated Land Register or Environmental Management Register. or AO7.2 Areas that pose a health risk from previous activities and contaminated soils which are subject to development are remediated prior to plan sealing, operational works permit, or issuing of building works permit.</p>	<p>✓ The site is not listed on the EMR or CLR.</p>
Section 7 – For development affected by one or more overlays	
Flood hazard overlay	

Delegated Authority

Date:

PO22 Development is not exposed to risk from flood events by responding to flood potential and maintains personal safety at all times.

AO22.1 All new allotments include an area of sufficient size to accommodate the intended land use outside the area identified on Overlay Map 03.

and
AO22.2 New buildings are not located within the area identified on Overlay Map 03; or

or
AO22.3 Development is sited above the 1%AEP flood event where known, or the highest known flood event, as follows:

- (a) Habitable floor levels - 500mm;
- (b) Non-habitable floor levels - 300mm;
- (c) All other development - 0mm.

and
AO22.4 Building work below the nominated flood level allows for the flow through of flood water at ground level:

- (a) The structure below flood level is unenclosed; or
- (b) Any enclosure below flood level aligns with the direction of water flow; or
- (c) Any enclosure not aligning with the direction of water flow must have openings that are at least 50% of the enclosed area with a minimum opening of 75mm.

and
AO22.5 Resilient building materials are used below the nominated flood level in accordance with the relevant building assessment provisions.

and
AO22.6 Signage is provided on site indicating the position and path of all safe evacuation routes off the site.

✓ No new allotments are being created,

✓ No new buildings are proposed.

Delegated Authority		Date:
<p>PO23 Development directly, indirectly and cumulatively avoids any significant increase in water flow, velocity or flood level, and does not increase the potential for flood damage either on site or other properties.</p>		
<p>AO23.1 Works associated with the proposed development do not:</p> <p>(iv) involve a net increase in filling greater than 50mm; or</p> <p>(b) result in any reductions of on-site flood storage capacity and contain within the site any changes to depth / duration/velocity of flood waters; or</p> <p>(c) change flood characteristics outside the site in ways that result in:</p> <p>(i) loss of flood storage;</p> <p>(ii) loss of/changes to flow paths;</p> <p>(iii) acceleration or retardation of flows; or</p> <p>(iv) any reduction in flood warning times.</p>	<p>✓ The proposed boundary realignment does not involve any cut or fill.</p>	
<p>PO24 Community infrastructure in any area mapped as Flood Hazard is able to function effectively during and immediately after flood events.</p>		
No outcome specified.		N/A
<p>RECONFIGURING A LOT CODE</p> <p>Section 1 – Boundary realignment</p>		
<p>PO1 The boundary realignment:</p> <p>(a) results in lots that are consistent with the established subdivision pattern of the local area;</p> <p>(b) maintains or improves the utility of the lots;</p> <p>(c) does not create a situation where the use or buildings on the resulting lots become unlawful.</p>		
<p>AO1.1 Development provides that allotment area, dimension and shape are in accordance with the standards in Table 8.4.2, except where the reconfiguration is boundary realignment and the outcome is preferable to the current allotment configuration.</p> <p>and</p> <p>AO1.2 The utility of the lots is maintained or improved where:</p> <p>(a) a frontage to depth ratio exceeds that of the existing allotments;</p> <p>(b) access is provided to an allotment that previously had no access or an unsuitable access;</p> <p>(c) an existing boundary encroachment by a building or areas is corrected;</p> <p>and</p> <p>AO1.3 The realignment does not result in a building contravening the setback, standards required by this Planning Scheme or relevant building regulations.</p> <p>and</p> <p>AO1.4 The realignment results in a larger lot that is a more viable farming unit.</p>	<p>✓ The subject site is within the low density residential zone. Within this zone, the minimum lot size is 600m². Proposed lot 42 is 756m² and proposed lot 43 is 1,526m².</p> <p>✓ Utility of the lots will be maintained. Proposed lot 43 will require an access to service a future dwelling. The boundary realignment will align the allotment boundary with the existing house fence boundary.</p> <p>✓ A shed will contravene the new boundary however, it is proposed to be removed. Relevant condition added to ensure compliance.</p>	
<p>PO2 The boundary realignment facilitates the creation or consolidation of a viable farming unit.</p>		N/A
<p>AO2.1 Where covered by the Overlay Map 08:</p>		N/A

Delegated Authority	Date:
<p>(a) new lot boundaries enhance viable farming units; and (b) the boundaries ensure that a new dwelling is not on agricultural land, and (c) the reconfiguration satisfies the acceptable outcomes in section 6 of the Rural Zone code.</p>	
Section 4 – All reconfiguring a lot subject to an overlay	
Flood hazard overlay	
PO20 Development is not exposed to risk from flood events by responding to flood potential and maintains personal safety at all times.	
AO20.1 All new allotments include an area of sufficient size to accommodate the intended land use outside the area identified on Overlay Map 03.	✓ No additional allotments are created.
PO21 Development directly, indirectly and cumulatively avoids any significant increase in water flow, velocity or flood level, and does not increase the potential for flood damage either on site or other properties.	
AO21.1 Works associated with the proposed development do not: (a) involve a net increase in filling greater than 50m ³ ; or (b) result in any reductions of on-site flood storage capacity and contain within the site any changes to depth / duration/velocity of flood waters; or (c) change flood characteristics outside the site in ways that result in: (i) loss of flood storage; (ii) loss of/changes to flow paths; (iii) acceleration or retardation of flows; or (iv) any reduction in flood warning times.	✓ Proposal does not involve any cut or fill works.
SERVICES AND WORKS CODE	
Section 1 - General	
PO1 The development is planned and designed considering the land use constraints of the site for achieving stormwater design objectives.	
AO1.1 A stormwater quality management plan provides for achievable stormwater quality treatment measures that meet the design objectives identified in Table 9.4.4.	N/A - This development application does not necessitate the need for a stormwater quality management plan.
PO2 Development does not discharge wastewater to a waterway or off-site unless demonstrated to be best practice environmental management for that site.	
AO2.1 A wastewater management plan prepared by a suitably qualified person and addresses : (a) wastewater type; (b) climatic conditions; (c) water quality objectives; (d) best-practice environmental management; and	N/A - This development application does not necessitate the need for a wastewater management plan.

Delegated Authority	Date
<p>AO2.2 Wastewater is managed in accordance with a waste management hierarchy that: (a) avoids wastewater discharge to waterways; or (b) minimises wastewater discharge to waterways by re-use, recycling, recovery and treatment for disposal to sewer, surface water and groundwater.</p>	
<p>PO3 Construction activities avoid or minimise adverse impacts on stormwater quality.</p>	
<p>AO3.1 An erosion and sediment control plan addresses the design objectives for the construction phase in Table 9.4.4.</p>	<p>N/A - This development application does not necessitate the need for an erosion and sediment control plan.</p>
<p>PO4 Operational activities avoid or minimise changes to waterway hydrology from adverse impacts of altered stormwater quality and flow</p>	
<p>AO4.1 Development incorporates stormwater flow control measures to achieve the design objectives for the post-construction phase in Table 9.4.4.</p>	<p>N/A - This development application does not necessitate the need for stormwater flow control measures.</p>
<p>Section 2 - Infrastructure</p>	
<p>PO5 Development is provided with infrastructure which: (a) conforms with industry standards for quality; (b) is reliable and service failures are minimised; and (c) is functional and readily augmented.</p>	
<p>AO5.1 Except in the Rural zone, all development occurs on a site with frontage to a sealed road. and AO5.2 Infrastructure is designed and constructed in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>✓ Burnett Street is bitumen sealed.</p>
<p>Section 3 – Vehicle parking</p>	
<p>PO6 Vehicle parking and access is provided to meet the needs of occupants, employees, visitors and other users.</p>	
<p>AO6.1 Vehicle parking spaces are provided on-site in accordance with Table 9.4.5. and AO6.2 A service bay is provided on-site for the service vehicle nominated in Table 9.4.5. and AO6.3 Driveway crossings are provided to the standard contained in PSP1 – Design and Construction Standards. and AO6.4 Vehicle parking and manoeuvring areas are provided in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>N/A - This development application does not necessitate the need for vehicle parking.</p>
<p>Section 4 - Landscaping</p>	
<p>PO7 Landscaping is appropriate to the setting and enhances local character and amenity.</p>	

Delegated Authority	Date
<p>AO7.1 Landscaping is provided in accordance with the relevant zone code provisions.</p> <p>and</p> <p>AO7.2 Where shade tree planting is required in vehicle parking areas each planting bed has a minimum area of 2m² and is unsealed and permeable.</p> <p>and</p> <p>AO7.3 Plantings along frontages or boundaries are in the form of defined gardens with three tier planting comprised of groundcovers, shrubs (understorey), and trees (canopy) and provided with a drip irrigation system, mulching and border barriers.</p>	<p>N/A - This development application does not necessitate the need for landscaping.</p>
<p>PO8 Plant species avoid adverse impacts on the natural and built environment, infrastructure and the safety of road networks.</p>	
<p>AO8.1 Landscaping utilises plant species that are appropriate for the location and intended purpose of the landscaping.</p> <p>and</p> <p>AO8.2 Species selection avoids non-invasive plants.</p>	<p>N/A - This development application does not necessitate the need for landscaping.</p>
<p>Section 5 – Filling and excavation</p>	
<p>PO9 Development results in ground levels that retain:</p> <p>(a) access to natural light;</p> <p>(b) aesthetic amenity;</p> <p>(c) privacy; and</p> <p>(d) safety.</p>	
<p>AO9.1 The depth of:</p> <p>(a) fill is less than 2m above ground level; or</p> <p>(b) excavation is less than 2m below ground level.</p> <p>and</p> <p>AO9.2 The toe of the fill, or top of the excavation is not less than 0.5m inside the site property boundary.</p> <p>and</p> <p>AO9.3 Works do not occur on slopes over 15% in grade.</p> <p>and</p> <p>AO9.4 Retaining walls over 1m in height are terraced 1.5m for every 1m in height and landscaped.</p> <p>and</p> <p>AO9.5 Batter slopes are not steeper than 25% and are grassed and terraced 1.5m for every 1m in height.</p> <p>and</p> <p>AO9.6 Filling or excavation for the purpose or retention of water:</p> <p>(a) is certified by an RPEQ engineer to safely withstand the hydraulic loading;</p> <p>(b) directs overflow such that no scour damage or nuisance occurs on adjoining lots.</p>	<p>N/A – No cut or fill is proposed as a part of the boundary realignment application.</p>
<p>PO10 Filling or excavation does not cause damage to public utilities.</p>	

Delegated Authority

Date: □

<p>AO10.1 Filling or excavation does not occur within 2m horizontally of any part of an underground water supply, sewerage, stormwater, electricity or telecommunications system.</p>	<p>N/A – No cut or fill is proposed as a part of this boundary realignment application.</p>
<p>PO11 Filling and excavation avoids water ponding on the premises or nearby premises that will adversely impact on the health of the community.</p>	
<p>AO11.1 Following filling or excavation: (a) the premises: (i) are self-draining; and, (ii) has a minimum slope of 0.25%; and, (b) surface water flow is: (i) directed away from neighbouring properties; or (ii) discharged into a stormwater drainage system designed and constructed in accordance with AS3500 section 3.2.</p>	<p>N/A – No cut or fill is proposed as a part of this boundary realignment application.</p>

CONCLUSION:

The proposed development has been assessed with regard to the applicable assessment benchmarks as identified within the report. The proposal generally complies with the Assessment Benchmarks of the Rural zone code, Reconfiguring a lot code and Services and works code within the South Burnett Regional Council Planning Scheme.

RECOMMENDATION:

It is recommended that the Reconfiguring a lot application (2 into 2 lots) at 32-34 Burnett Street, Kingaroy (and described as lots 42 & 43 on RP37004) be approved subject to the reasonable and relevant conditions pursuant to Section 60 of the *Planning Act 2016*.

NOTICE ABOUT DECISION – STATEMENT OF REASONS

The following information is provided in accordance with Section 63(4) & (5) of the Planning Act 2016

The development application for:

Type of Approval	Reconfiguring a lot (Boundary realignment)– Development permit
Level of Assessment	Code
Application No	RAL22/0001
Name of Applicant	Mervyn & Yvonne Pates C/- EMJAE Consulting
Street Address	32-34 Burnett Street, Kingaroy
Real Property Address	Lots 42 & 43 on RP37004

On 16 March 2022 the above development was:

Approved in full, with conditions:

1. Reasons for the Decision

The reasons for this decision are:

- No additional lots proposed.
- No new uses are proposed.
- The proposed boundary will align with the existing house yard fence.
- The utility of the lots will be improved.
- The proposal generally complies with the relevant requirements of the planning scheme.

2. Assessment Benchmarks

The following benchmarks apply to this development:

- Reconfiguring a lot code
- Low density residential zone code
- Services and works code

Note: Each application submitted to Council is assessed individually on its own merit.

INFORMATION NOTICE

Authority and Reasons for Charge This Infrastructure Charges Notice has been given in accordance with section 119 of the *Planning Act 2016* to support the Local government's long-term infrastructure planning and financial sustainability.

Appeals Pursuant to section 229 and Schedule 1 of the *Planning Act 2016* a person may appeal an Infrastructure Charges Notice. Attached is an extract from the *Planning Act 2016* that details your appeal rights.

Automatic Increase Provision of charge rate (\$) An infrastructure charge levied by South Burnett Regional Council is to be increased by the difference between the Producer Price Index (PPI) applicable at the time the infrastructure charge was levied, and PPI applicable at the time of payment of the levied charge, adjusted by reference to the 3-yearly PPI average¹. If the levied charge is increased using the method described above, the charge payable is the amount equal to the sum of the charge as levied and the amount of the increase.

However, the sum of the charge as levied and the amount of the increase is not to exceed the maximum adopted charge the Authority could have levied for the development at the time the charge is paid.

GST The Federal Government has determined that contributions made by developers to Government for infrastructure and services under the *Planning Act 2016* are GST exempt.

Making a Payment This Infrastructure Charges Notice cannot be used to pay your infrastructure charges.

To pay the levied charge, you must request an Itemised Breakdown showing the total levied charge payable at the time of payment. An Itemised Breakdown must be presented at the time of payment.

An Itemised Breakdown may be requested by emailing info@southburnett.qld.gov.au

Payment can be made at any of the following South Burnett Regional Council Offices:

- 69 Hart Street, Blackbutt, 4314;

¹ 3-yearly PPI average is defined in section 114 of the *Planning Act 2016* and means the PPI adjusted according to the 3-year moving average quarterly percentage change between financial quarters. PPI Index is the producer price index for construction 6427.0 (ABS PPI) index number 3101 – Road and Bridge construction index for Queensland published by the Australian Bureau of Statistics.

Delegated Authority

PRECIS

Reconfiguration of a lot (1 lot into 2 lots) at 5 Greenhills Drive, Blackbutt (Lot 17 on RP169788)
 Applicant: J & S Strid C/- ONF Surveyors

SUMMARY

- The applicant seeks approval for a Development Permit for Reconfiguring a Lot – Subdivision (1 into 2 lots).
- Boundary configuration as proposed:
 - Total area of existing lot 17 is 2ha;
 - Proposed lot 1 is 1.18ha;
 - Proposed lot 2 is 8,100m².
- Proposed lot 1 will include the existing house and shed.
- Proposed lot 2 will be vacant with potential for a dwelling house.
- Access to existing lot 17 is via Greenhills Drive.
- Proposed lot 1 will maintain the existing access from Greenhills Drive.
- Proposed lot 2 will gain access from Railway Street.
- The subject site is located in the rural residential zone (RR1 Precinct) within the South Burnett Regional Council Planning Scheme.
- The proposed subdivision complies with the prescribed minimum lot dimensions for the rural residential zone RR1 precinct and is therefore subject to code assessment.
- The development application is assessed against the relevant codes of the South Burnett Regional Council Planning Scheme. Relevant codes include:
 - Reconfiguring a lot Code;
 - Rural Residential zone Code;
 - Services and Works Code.
- No information request was issued by Council.
- The application has been assessed and the proposal generally meets the requirements of the planning scheme and relevant codes or has been conditioned to comply (refer attachment A – Statement of Reasons).
- Application recommended for approval subject to reasonable and relevant conditions.

OFFICER'S RECOMMENDATION

That Council approve the development permit for a Reconfiguring a lot for a subdivision 1 into 2 lots at 5 Greenhills Drive, Blackbutt described as lot 17 on RP169788, subject to the following conditions.

GENERAL

GEN1. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval:

Drawing Title	Prepared by	Ref no.	Rev	Date
Proposed Subdivision	ONF Surveyors	10182P/1		2/02/2022

GEN2. The development must be completed within four (4) years of the development approval starting to have effect. The development approval will lapse unless the

Delegated Authority _____

Date: _____

survey plan for the development required to be given to Council for approval is provided within this period.

PERMIT TO WORK ON COUNCIL ROADS

GEN3. The applicant must submit a completed Permit to Work on Council Roads Application available from <http://www.southburnett.qld.gov.au> for approval by Council before commencing and works within the Council road reserve (i.e., in this case, the required property access).

COMPLIANCE

GEN4. All conditions of this approval are to be satisfied prior to Council endorsing the Survey Plan, and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

A fee will be charged, with payment required prior to Council's approval of the associated documentation requiring assessment.

OUTSTANDING FEES

GEN5. Prior to sealing of Survey Plan the applicant is required to pay the Council all rates and charges or any expenses being charged over the subject land under any Act in accordance with Schedule 18 Section 69 of the *Planning Act Regulation 2017*.

GEN6. All works, including the repair or relocation of services (Telstra, lighting) is to be completed at no cost to Council.

SURVEY MARKS

RAL1. Prior to the submission of the Survey Plan to Council, the applicant is to reinstate survey marks and install new survey marks in their correction position in accordance with the Survey Plan, and the work is to be certified in writing by a Licensed Surveyor.

ENGINEERING WORKS

ENG1. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to Council's endorsement of the Survey Plan unless stated otherwise.

ENG2. Undertake Engineering designs and construction in accordance with Planning Scheme, Council's Standards, relevant Australian Standards and relevant design manuals.

ENG3. Be responsible for any alteration necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

ENG4. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.

ENG5. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.

Item

Page 2

Delegated Authority _____ Date: _____

STORMWATER MANAGEMENT

ENG6. Provide overland flow paths that do not adversely alter the characteristics of the existing overland flows on other properties or that create an increase in flood damage on other properties.

ENG7. Adjoining properties and roadways to the development are to be protected from ponding or nuisance from stormwater as a result of any site works undertaken as part of the proposed development.

WATER SUPPLY

ENG8. Connect the development to Council's reticulated water supply system in accordance with Council requirements.

ENG9. Design and construct all works in accordance with Council's requirements as set out in the WBBROC Water Services Design and Construction Code, WSAA Guidelines and relevant development standards used by Council.

ENG10. Install a separate water service connection to each lot as per Council's standards.

ON-SITE SEWERAGE TREATMENT

ENG11. Future dwellings must be connected to an on-site effluent disposal system, in accordance with AS 1547 and the Queensland Plumbing and Waste Water Code.

Timing: Prior to the issue of a Building Approval for a future dwelling on the proposed lots.

VEHICLE ACCESS

ENG12. Design and construct a new access to proposed Lot 2, having a minimum width of 4 metres in accordance with Council's Standard Drawing No. 00049 Rev B.

Comment: Where the existing table drain is shallow, and subject to Council approval, the culvert can be omitted, and an 'at grade' access shall be constructed in accordance with Council's Standard Drawing No. 00048.

TELECOMMUNICATION

ENG13. Design and provide telecommunications to all lots within the development.

ELECTRICITY

ENG14. Submit to Council, written confirmation from an electricity provider that an agreement has been made for the supply of electricity.

EROSION AND SEDIMENT CONTROL - GENERAL

ENG15. Ensure that all reasonable actions are taken to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems.

ENG16. Remove and clean-up the sediment or other pollutants in the event that sediment or other pollutants are tracked or released onto adjoining streets or stormwater systems, at no cost to Council.

Delegated Authority

Date:

ADVICE

ADV1. This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the *Aboriginal Cultural Heritage Act 2003* you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore, be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence or otherwise of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding. A search can be arranged by visiting and filling out the Aboriginal and Torres Strait Islander Cultural Heritage Search Request Form.

APPEAL RIGHTS

ADV2. Attached for your information is a copy of Chapter 6 of the *Planning Act 2016* as regards Appeal Rights.

INFRASTRUCTURE CHARGES

ADV3. Infrastructure charges are now levied by way of an infrastructure charges notice, issued pursuant to section 119 of the *Planning Act 2016*.

DEVELOPMENT INCENTIVE SCHEME

ADV4. Council is offering a reduction infrastructure charges payable through the development incentive scheme which is available between 1 December 2020 and 30 December 2022. Eligible development under this scheme is required to be completed by 30 December 2022.

For further information or application form please refer to the rules and procedures available on Council's website.

VALUATION FEES

ADV5. Payment of *Department of Natural Resources and Mines* valuation fee that will result from the issue of split valuations prior to Council sealing the Survey Plan. The contribution is currently assessed at \$96.00 (2 x \$48.00); however, the actual amount payable will be based on Council's Register of Regulatory & Cost-Recovery Fees and the rate applicable at the time of payment.

TELECOMMUNICATIONS CONNECTIONS

ADV6. Telecommunication connections can be arranged by logging onto Telstra's website (<http://www.telstra.com.au/smart-community/developers/index.htm>) and completing the 'Application for Reticulation'.

ELECTRICITY RETICULATION SERVICES

ADV7. Council would encourage you to discuss the development with Ergon Energy upon receipt of this approval to facilitate the timely supply of electricity to the development. Connection of electricity can take up to eight (8) months from the date of application to Ergon Energy.

ASSESSMENT:

Framework for Assessment

Categorising Instruments for Statutory Assessment

For the *Planning Act 2016*, the following Categorising Instruments may contain Assessment Benchmarks applicable to development applications:

- The *Planning Regulation 2017*
- the Planning Scheme for the local government area
- any Temporary Local Planning Instrument
- any Variation Approval

Of these, the planning instruments relevant to this application are discussed in this report.

Assessment Benchmarks Pertaining to the Planning Regulation 2017

The following Assessment Benchmarks from the *Planning Regulation 2017* are applicable to this application:

PLANNING REGULATION 2017 DETAILS	
Assessment Benchmarks:	Nil
WBB Regional Plan Designation:	N/A

Assessment Benchmarks Pertaining to the Planning Scheme

The applicable planning scheme for the application is South Burnett Regional Council Version 1.4. The following sections relate to the provisions of the Planning Scheme.

Planning Scheme:	South Burnett Regional Council Planning Scheme Version 1.4
Strategic Framework Land Use Category:	N/A
Zone:	Rural Residential
Precinct:	RR1
Consistent/Inconsistent Use:	N/A
Assessment Benchmarks:	<ul style="list-style-type: none"> • Reconfiguring a lot Code • Services and works Code • Rural residential zone Code

Assessment Benchmarks – Planning Scheme Codes

The application has been assessed against each of the applicable codes and found to be compliant with, or can be conditioned to comply with, each. The pertinent issues arising out of assessment against the codes are discussed below:

ACCEPTABLE OUTCOME	ASSESSMENT MANAGERS COMMENTS
RURAL RESIDENTIAL ZONE CODE	
SECTION 1 - General	

Delegated Authority	Date
<p>PO1 Buildings and structures must complement the semi-rural character of nearby development and protects residential amenity.</p>	
<p>AO1.1 Site cover does not exceed 10%. and AO1.2 Buildings and structures are not higher than 8.5m above ground level. and AO1.3 Buildings have a minimum set back of: (a) 10m to the road frontage; (b) 6m to a side or rear boundary. and AO1.4 The maximum length of any façade without articulation or change of materials is 15m. and AO1.5 On-site storage areas visible from outside the site are screened by a 1.8m high fence along intervening boundaries. and AO1.6 Outdoor lighting is designed, installed and maintained in accordance with AS4282 – Control of the Obtrusive Effects of Outdoor Lighting.</p>	<p>Complies – No new buildings or structures are proposed as a part of this application. Proposed lot 1 is of sufficient size to accommodate the existing dwelling and outbuildings. Proposed lot 2 is of sufficient size for a future dwelling to comply with the AO1.1 to AO1.6. The proposed layout maintains the rural residential character and is not expected to impact on the surrounding amenity.</p>
<p>PO2 Development minimises the potential for reverse amenity impacts for adjoining existing non-residential activities.</p>	
<p>AO2.1 A well-maintained vegetative buffer is provided on the residential land between the residential development and adjacent existing non-residential use.</p>	<p>N/A – The subject site is surrounded by residential properties and therefore does not necessitate the need for a vegetation buffer.</p>
<p>PO3 Dwellings are to be adequately serviced:</p>	
<p>AO3.1 Where in a reticulated water supply area, development is to be connected to the supply network. or AO3.2 Where reticulated water supply is not available, a 45kl water tank is provided for each dwelling for consumption purposes and an additional 22.5kl water storage located no more than 10m from the main dwelling is available for fire fighting purposes. and AO3.3 The provision of on-site sewage treatment conforms to the requirements of the Queensland Plumbing and Wastewater Code. and AO3.4 Each dwelling is provided with a service line connection to the electricity supply and telecommunications networks. and AO3.5 Stormwater discharge must be to a lawful point of discharge or to downstream</p>	<ul style="list-style-type: none"> ✓ Conditioned to comply. Proposed Lot 2 will be required to connect into the reticulated water system. ✓ Proposed lot 2 is of sufficient size to have an on-site sewerage treatment system for a future dwelling. ✓ The existing dwelling is connected to electricity. Proposed lot 2 will be conditioned to comply. ✓ Conditioned to comply.

<p>properties but only with the consent of the affected landowners.</p> <p>and</p> <p>AO3.6 Development has direct access to a sealed road.</p>	<p>✓ Proposed lot 1 will maintain access from Greenhills Drive and proposed lot 2 will gain access from Railway Street, both of which are bitumen sealed.</p>
<p>PO4 Development is located and designed to ensure that land uses are not exposed to: (a) Areas that pose a health risk from previous activities; and (b) Unacceptable levels of contaminants.</p>	
<p>AO4.1 Development does not occur:</p> <p>(a) In areas that pose a health risk from previous activities; and</p> <p>(b) On sites listed on the Contaminated Land Register or Environmental Management Register.</p> <p>or</p> <p>AO4.2 Areas that pose a health risk from previous activities and contaminated soils which are subject to development are remediated prior to plan sealing, operational works permit, or issuing of building works permit.</p>	<p>Complies – The subject site is not identified on the CLR or EMR.</p>
<p>RECONFIGURING A LOT CODE</p> <p>SECTION 3 – All other reconfiguration</p>	
<p>PO7 Allotments are of sufficient size and dimensions to meet the requirements of the users and provide for servicing of the intended use.</p>	
<p>AO7.1 Development provides that allotment area, dimension and shape are in accordance with the standards in Table 8.4.2.</p> <p>and</p> <p>AO7.2 The minimum allotment size for any rear allotment shall be calculated exclusive of the area of the access corridor of the allotment.</p> <p>and</p> <p>AO7.3 Irregularly shaped allotments are designed to allow a building area of 15m by 10m to be setback 6m from the site frontage.</p>	<p>Complies – The subject site is within the rural residential zone RR1 precinct whereby the minimum lot size is 4,000m². Proposed lot 1 is 1.18ha and proposed lot 2 is 8,100m², both exceeding the prescribed minimum lot size.</p> <p>N/A</p> <p>✓ The proposed lots are a regular shape.</p>
<p>PO8 Lots have lawful, safe and practical access.</p>	
<p>AO8.1 Access is provided via either:</p> <p>(a) Direct road frontage;</p> <p>(b) Access strip with a minimum width of 3.5m (for rear lots only); or</p> <p>(c) Access easement with a minimum width of 6m (where lots only have legal road frontage that does not provide, safe or practical access to the existing street network).</p> <p>and</p> <p>AO8.2 Newly created lots do not have direct access to sub-arterial or higher order roads.</p> <p>and</p> <p>AO8.3 Except in the Rural Zone, new lots, are provided with access to a sealed road.</p>	<p>Complies – Proposed lot 1 has direct road frontage onto Greenhills Drive. Proposed lot 2 will have direct frontage onto Railway Street.</p> <p>✓ Greenhills Drive is identified as a 'Street' and Railway Street is identified as 'Place' in the road hierarchy.</p> <p>✓ Greenhills Drive and Railway Street are both bitumen sealed.</p>

Delegated Authority		Date:
<p>PO9 The number of rear lots is minimised having regard to the outlook, topography of the site, intended land use and general amenity of the area.</p>		
<p>AO9.1 Only one rear lot is provided behind each full street frontage regular lot. and AO9.2 No more than two rear lot access strips directly adjoin each other. and AO9.3 No more than two rear lots gain access from the head of a cul-de-sac.</p>	<p>✓ No rear lots are proposed.</p> <p>N/A</p> <p>N/A</p>	
<p>PO10 The design and construction of new roads: (a) Maintain safe and efficient access to the transport network; (b) Creates integrated neighbourhoods; and (c) Are constructed to a standard that is commensurate with the intended use of allotments.</p>		
<p>AO10.1 Intersection shall be spaced at no less than 45m from any other intersection. and AO10.2 Any intersections with existing roads shall be treated with a T-intersection or a roundabout. and AO10.3 The road layout indicates connections to adjoining development sites. and AO10.4 Other than in the Rural or Rural Residential Zones, new streets are provided with layback kerb and channel. or AO10.5 In the Rural Residential Zone, new streets are provided with concrete flush kerbs and swale drains.</p>	<p>N/A – No new roads are proposed.</p>	
<p>PO11 The provision of services is resistant to inclement weather and does not degrade the character of the area.</p>		
<p>AO11.1 Where the reconfiguration involves the opening of a new road, all electricity and telecommunications services are located underground.</p>	<p>N/A – No new roads are proposed.</p>	
<p>PO12 Reconfiguration facilitates integration of walking and cycling networks that provide a safe and convenient environment for users having regard to appropriate gradients and distances to be travelled.</p>		
<p>No outcome specified.</p>	<p>N/A</p>	
<p>PO13 Public open space is provided in response to community need.</p>		
<p>AO13.1 Public open space is provided in accordance with the Priority Infrastructure Plan.</p>	<p>N/A</p>	
<p>PO14 Reconfiguration into allotments less than 400m² in the Medium Density Residential zone is facilitated where design outcomes are consistent with expectations for the zone.</p>		

Delegated Authority	Date:
<p>AO14.1 Reconfiguration in the Medium Density Residential zone involving allotments less than 400m² where creating allotments for individual units in an approved and completed multiple dwelling or dual occupancy.</p>	N/A
<p>PO15 Reconfiguration into allotments less than 400m² in the Medium Density Residential zone is to provide for suitable living environments.</p>	
<p>For allotments less than 400m² –</p> <p>AO15.1 All lots are orientated to within 200 of north.</p> <p>AO15.2 All lots are to be sized and shaped to accommodate a 10m x 20m rectangle.</p>	N/A
<p>SERVICES AND WORKS CODE</p>	
<p>SECTION 1 - General</p>	
<p>PO1 The development is planned and designed considering the land use constraints of the site for achieving stormwater design objectives.</p>	
<p>AO1.1 A stormwater quality management plan provides for achievable stormwater quality treatment measures that meet the design objectives identified in Table 9.4.4.</p>	<p>✓ This development application does not necessitate the need for a stormwater quality management plan.</p>
<p>PO2 Development does not discharge wastewater to a waterway or off-site unless demonstrated to be best practice environmental management for that site.</p>	
<p>AO2.1 A wastewater management plan prepared by a suitably qualified person and addresses :</p> <p>(a) wastewater type;</p> <p>(b) climatic conditions;</p> <p>(c) water quality objectives;</p> <p>(d) best-practice environmental management;</p> <p>and</p> <p>AO2.2 Wastewater is managed in accordance with a waste management hierarchy that:</p> <p>(a) avoids wastewater discharge to waterways; or</p> <p>(b) minimises wastewater discharge to waterways by re-use, recycling, recovery and treatment for disposal to sewer, surface water and groundwater.</p>	<p>✓ This development application does not necessitate the need for a wastewater management plan.</p>
<p>PO3 Construction activities avoid or minimise adverse impacts on stormwater quality.</p>	
<p>AO3.1 An erosion and sediment control plan addresses the design objectives for the construction phase in Table 9.4.4.</p>	<p>✓ This development application does not necessitate the need for an erosion and sediment control plan.</p>
<p>PO4 Operational activities avoid or minimise changes to waterway hydrology from adverse impacts of altered stormwater quality and flow.</p>	

Delegated Authority	Date:
<p>AO4.1 Development incorporates stormwater flow control measures to achieve the design objectives for the postconstruction phase in Table 9.4.4.</p>	<p>✓ This development application does not necessitate the need for stormwater flow control measures.</p>
<p>SECTION 2 - Infrastructure</p>	
<p>PO5 Development is provided with infrastructure which:</p> <p>(a) conforms with industry standards for quality;</p> <p>(b) is reliable and service failures are minimised; and</p> <p>(c) is functional and readily augmented.</p>	<p><input type="checkbox"/> <input type="checkbox"/></p> <p><input type="checkbox"/></p>
<p>AO5.1 Except in the Rural zone, all development occurs on a site with frontage to a sealed road.</p> <p>and</p> <p>AO5.2 Infrastructure is designed and constructed in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>✓ The subject site fronts Greenhills Drive and Railway Street which are both bitumen sealed.</p> <p>✓ Proposed lot 2 will require a new access and will be conditioned to comply with AO5.2.</p>
<p>SECTION 3 – Vehicle parking</p>	
<p>PO6 Vehicle parking and access is provided to meet the needs of occupants, employees, visitors and other users.</p>	
<p>AO6.1 Vehicle parking spaces are provided on-site in accordance with Table 9.4.5.</p> <p>and</p> <p>AO6.2 A service bay is provided on-site for the service vehicle nominated in Table 9.4.5.</p> <p>and</p> <p>AO6.3 Driveway crossings are provided to the standard contained in PSP1 – Design and Construction Standards.</p> <p>and</p> <p>AO6.4 Vehicle parking and manoeuvring areas are provided in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>N/A - This development application does not necessitate the need for vehicle parking provisions.</p>
<p>SECTION 4 - Landscaping</p>	
<p>PO7 Landscaping is appropriate to the setting and enhances local character and amenity.</p>	
<p>AO7.1 Landscaping is provided in accordance with the relevant zone code provisions.</p> <p>and</p> <p>AO7.2 Where shade tree planting is required in vehicle parking areas each planting bed has a minimum area of 2m² and is unsealed and permeable.</p> <p>and</p> <p>AO7.3 Plantings along frontages or boundaries are in the form of defined gardens with three tier planting comprised of groundcovers, shrubs (understorey), and trees (canopy) and provided with a drip irrigation system, mulching and border barriers.</p>	<p>✓ This development application does not necessitate the need for landscaping.</p>

Delegated Authority

Date:

<p>PO8 Plant species avoid adverse impacts on the natural and built environment, infrastructure and the safety of road networks.</p>	
<p>AO8.1 Landscaping utilises plant species that are appropriate for the location and intended purpose of the landscaping. and AO8.2 Species selection avoids non-invasive plants.</p>	<p>N/A</p>
<p>SECTION 5 – Filling and Excavation</p>	
<p>PO9 Development results in ground levels that retain: (a) access to natural light; (b) aesthetic amenity; (c) privacy; and (d) safety.</p>	
<p>AO9.1 The depth of: (a) fill is less than 2m above ground level; or (b) excavation is less than 2m below ground level. and AO9.2 The toe of the fill, or top of the excavation is not less than 0.5m inside the site property boundary. and AO9.3 Works do not occur on slopes over 15% in grade. and AO9.4 Retaining walls over 1m in height are terraced 1.5m for every 1m in height and landscaped. and AO9.5 Batter slopes are not steeper than 25% and are grassed and terraced 1.5m for every 1m in height. and AO9.6 Filling or excavation for the purpose or retention of water: (a) is certified by an RPEQ engineer to safely withstand the hydraulic loading; (b) directs overflow such that no scour damage or nuisance occurs on adjoining lots.</p>	<p>N/A – No cut or fill is proposed as a part of this application.</p>
<p>PO10 Filling or excavation does not cause damage to public utilities.</p>	
<p>AO10.1 Filling or excavation does not occur within 2m horizontally of any part of an underground water supply, sewerage, stormwater, electricity or telecommunications system.</p>	<p>N/A – No cut or fill is proposed as a part of this application.</p>
<p>PO11 Filling and excavation avoids water ponding on the premises or nearby premises that will adversely impact on the health of the community.</p>

INTERNAL SPECIALIST	REFERRAL / RESPONSE
Development Engineer	Council's Development Engineer provided comments in relation to Infrastructure Charges and engineering conditions.
Infrastructure Charges Unit	<p>Council adopted the LGIP on 24 June 2019 which commenced on 1 July 2019.</p> <p>The types of development that may trigger the issuing of an infrastructure charges notice are:</p> <ul style="list-style-type: none"> a) Reconfiguring a lot; b) Making a Material Change of Use; c) Carrying out Building Work. <p>The property is within the Water Supply Network, Transport Network, and Parks and land for Community Facilities Network mapping and is therefore subject to relevant adopted charges.</p> <p>Refer to the Infrastructure Charges Notice attached as Attachment B.</p>

CONCLUSION:

The proposed development has been assessed with regard to the applicable assessment benchmarks of the Rural Residential zone Code, Reconfiguring a lot Code, and the Services and works Code. The proposed development will result in an additional rural residential allotment that generally complies with the required benchmarks or can be conditioned to comply.

It is recommended that the development application for Reconfiguring a lot – Subdivision 1 into 2 lots at 5 Greenhills Drive, Blackbutt (and described as lot 17 on RP169788) be approved subject to reasonable and relevant condition pursuant to Section 60 of the Planning Act 2016.

NOTICE ABOUT DECISION – STATEMENT OF REASONS

The following information is provided in accordance with Section 63(4) & (5) of the Planning Act 2016

The development application for:

Type of Approval	Reconfiguring a lot – Development permit
Level of Assessment	Code
Application No.	RAL22/0002
Name of Applicant	J & S Strid C/- ONF Surveyors
Street Address	5 Greenhills Drive, Blackbutt
Real Property Address	Lot 17 on RP169788

On 28 March 2022 the above development was:

Approved in full, with conditions.

1. Reasons for the Decision

The reasons for this decision are:

- The proposal will create an opportunity for future rural residential living consistent with the intent of the zone.
- The land use will continue to be utilised for rural residential activities, consistent with the surrounding area.
- There is no infrastructure or natural hazard constraints applicable that would not support the application.
- The land is easily serviceable with the required utilities and is well located to urban services nearby.

2. Assessment Benchmarks

The following benchmarks apply to this development:

- Reconfiguring a lot code
- Rural residential zone code
- Services and works code

Note: Each application submitted to Council is assessed individually on its own merit.

INFORMATION NOTICE

Authority and Reasons for Charge This Infrastructure Charges Notice has been given in accordance with section 119 of the *Planning Act 2016* to support the Local government's long-term infrastructure planning and financial sustainability.

Appeals Pursuant to section 229 and Schedule 1 of the *Planning Act 2016* a person may appeal an Infrastructure Charges Notice. Attached is an extract from the *Planning Act 2016* that details your appeal rights.

Automatic Increase Provision of charge rate (\$) An infrastructure charge levied by South Burnett Regional Council is to be increased by the difference between the Producer Price Index (PPI) applicable at the time the infrastructure charge was levied, and PPI applicable at the time of payment of the levied charge, adjusted by reference to the 3-yearly PPI average¹. If the levied charge is increased using the method described above, the charge payable is the amount equal to the sum of the charge as levied and the amount of the increase.

However, the sum of the charge as levied and the amount of the increase is not to exceed the maximum adopted charge the Authority could have levied for the development at the time the charge is paid.

GST The Federal Government has determined that contributions made by developers to Government for infrastructure and services under the *Planning Act 2016* are GST exempt.

Making a Payment This Infrastructure Charges Notice cannot be used to pay your infrastructure charges.

To pay the levied charge, you must request an Itemised Breakdown showing the total levied charge payable at the time of payment. An Itemised Breakdown must be presented at the time of payment.

An Itemised Breakdown may be requested by emailing info@southburnett.qld.gov.au

Payment can be made at any of the following South Burnett Regional Council Offices:

69 Hart Street, Blackbutt, 4314;

¹ 3-yearly PPI average is defined in section 114 of the *Planning Act 2016* and means the PPI adjusted according to the 3-year moving average quarterly percentage change between financial quarters. PPI Index is the producer price index for construction 6427.0 (ABS PPI) index number 3101 – Road and Bridge construction index for Queensland published by the Australian Bureau of Statistics.

RECONFIGURATION OF A LOT (1 LOT INTO 2 LOTS) AT 258 CARBEEN CRESCENT, NANANGO (LOT 73 ON RP181992) - APPLICANT: ANGELA READER C/- ONF SURVEYORS

File Number: RAL22/0003
Author: Planning Officer
Authoriser: Chief Executive Officer

	SIGNATURE	DATE
MANAGER	<i>[Signature]</i>	24/4/22
GM	<i>[Signature]</i>	30/3/22
CEO	<i>[Signature]</i>	30/3/22

PRECIS

Reconfiguration of a lot (1 lot into 2 lots) at 285 Carbeen Crescent, Nanango (Lot 73 on RP181992) - Applicant: Andrea Reader C/- ONF Surveyors

SUMMARY

- The applicant seeks approval for a Development Permit for Reconfiguring a Lot – Subdivision (1 into 2 lots).
- Boundary configuration as proposed:
 - o Total area of existing lot 73 is 2.233 hectares;
 - o Proposed lot 1 is 1.116 hectares;
 - o Proposed lot 2 is 1.117 hectares.
- Proposed lot 1 will include the existing house and shed.
- Proposed lot 2 will be vacant with potential for a dwelling house.
- Access to existing lot 73 is via Carbeen Crescent.
- Proposed lot 1 will maintain the existing access from Carbeen Crescent.
- Proposed lot 2 will gain access from Carbeen Crescent.
- The subject site is located in the rural residential zone (RR1 Precinct) within the South Burnett Regional Council Planning Scheme.
- The proposed subdivision complies with the prescribed minimum lot dimensions for the rural residential zone RR1 precinct and is therefore subject to code assessment.
- The development application is assessed against the relevant codes of the South Burnett Regional Council Planning Scheme. Relevant codes include:
 - o Reconfiguring a lot Code;
 - o Rural Residential zone Code;
 - o Services and Works Code.
- No information request was issued by Council.
- The application has been assessed and the proposal generally meets the requirements of the planning scheme and relevant codes or has been conditioned to comply (refer attachment A – Statement of Reasons).
- Application recommended for approval subject to reasonable and relevant conditions.

OFFICER'S RECOMMENDATION

That Council approve the development permit for a Reconfiguring a lot for a subdivision 1 into 2 lots at 285 Carbeen Crescent, Nanango described as lot 73 on RP181992, subject to the following conditions.

GENERAL

GEN1.

The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval.

Drawing Title	Prepared by	Ref no.	Rev	Date
Proposed Subdivision	ONF Surveyors	10204P/1	-	2/02/2022

Delegated Authority _____

Date: _____

GEN2. The development must be completed within four (4) years of the development approval starting to have effect. The development approval will lapse unless the survey plan for the development required to be given to Council for approval is provided within this period.

PERMIT TO WORK ON COUNCIL ROADS

GEN3. The applicant must submit a completed Permit to Work on Council Roads Application available from <http://www.southburnett.qld.gov.au> for approval by Council before commencing and works within the Council road reserve (i.e., in this case, the required property access).

COMPLIANCE

GEN4. All conditions of this approval are to be satisfied prior to Council endorsing the Survey Plan, and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

A fee will be charged, with payment required prior to Council's approval of the associated documentation requiring assessment.

OUTSTANDING FEES

GEN5. Prior to sealing of Survey Plan the applicant is required to pay the Council all rates and charges or any expenses being charged over the subject land under any Act in accordance with Schedule 18 Section 69 of the *Planning Act Regulation 2017*.

GEN6. All works, including the repair or relocation of services (Telstra, lighting) is to be completed at no cost to Council.

SURVEY MARKS

RAL1. Prior to the submission of the Survey Plan to Council, the applicant is to reinstate survey marks and install new survey marks in their correction position in accordance with the Survey Plan, and the work is to be certified in writing by a Licensed Surveyor.

ENGINEERING WORKS

ENG1. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to Council's endorsement of the Survey Plan unless stated otherwise.

ENG2. Undertake Engineering designs and construction in accordance with Planning Scheme, Council's Standards, relevant Australian Standards and relevant design manuals.

ENG3. Be responsible for any alteration necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

ENG4. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.

ENG5. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.

Item: _____

Page 2

Delegated Authority _____ Date: _____

STORMWATER MANAGEMENT

ENG6. Provide overland flow paths that do not adversely alter the characteristics of the existing overland flows on other properties or that create an increase in flood damage on other properties.

ENG7. Adjoining properties and roadways to the development are to be protected from ponding or nuisance from stormwater as a result of any site works undertaken as part of the proposed development.

ON-SITE SEWERAGE TREATMENT

ENG11. Future dwellings must be connected to an on-site effluent disposal system, in accordance with AS 1547 and the Queensland Plumbing and Waste Water Code.

Timing: Prior to the issue of a Building Approval for a future dwelling on the proposed lots.

VEHICLE ACCESS

ENG12. Design and construct a new access to proposed Lot 2, having a minimum width of 4 metres in accordance with Council's Standard Drawing No. 00049 Rev B.

Comment: Where the existing table drain is shallow, and subject to Council approval, the culvert can be omitted, and an 'at grade' access shall be constructed in accordance with Council's Standard Drawing No. 00048.

TELECOMMUNICATION

ENG13. Design and provide telecommunications to all lots within the development.

ELECTRICITY

ENG14. Submit to Council, written confirmation from an electricity provider that an agreement has been made for the supply of electricity.

EROSION AND SEDIMENT CONTROL - GENERAL

ENG15. Ensure that all reasonable actions are taken to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems.

ENG16. Remove and clean-up the sediment or other pollutants in the event that sediment or other pollutants are tracked or released onto adjoining streets or stormwater systems, at no cost to Council.

ADVICE

ADV1. This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the *Aboriginal Cultural Heritage Act 2003* you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore, be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence or otherwise of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding. A search can be arranged by visiting and filling out the Aboriginal and Torres Strait Islander Cultural Heritage Search Request Form.

APPEAL RIGHTS

ADV2. Attached for your information is a copy of Chapter 6 of the *Planning Act 2016* as regards Appeal Rights.

Delegated Authority

Date

INFRASTRUCTURE CHARGES

ADV3. Infrastructure charges are now levied by way of an infrastructure charges notice, issued pursuant to section 119 of the *Planning Act 2016*.

DEVELOPMENT INCENTIVE SCHEME

ADV4. Council is offering a reduction infrastructure charges payable through the development incentive scheme which is available between 1 December 2020 and 30 December 2022. Eligible development under this scheme is required to be completed by 30 December 2022.

For further information or application form please refer to the rules and procedures available on Council's website.

VALUATION FEES

ADV5. Payment of *Department of Natural Resources and Mines* valuation fee that will result from the issue of split valuations prior to Council sealing the Survey Plan. The contribution is currently assessed at \$96.00 (2 x \$48.00); however, the actual amount payable will be based on Council's Register of Regulatory & Cost-Recovery Fees and the rate applicable at the time of payment.

TELECOMMUNICATIONS CONNECTIONS

ADV6. Telecommunication connections can be arranged by logging onto Telstra's website (<http://www.telstra.com.au/smart-community/developers/index.htm>) and completing the 'Application for Reticulation'.

ELECTRICITY RETICULATION SERVICES

ADV7. Council would encourage you to discuss the development with Ergon Energy upon receipt of this approval to facilitate the timely supply of electricity to the development. Connection of electricity can take up to eight (8) months from the date of application to Ergon Energy.

FINANCIAL AND RESOURCE IMPLICATIONS

No implication can be identified.

LINK TO CORPORATE/OPERATIONAL PLAN

Growing our Region's Economy and Prosperity
GR8 Support and advocate for appropriate growth and development with responsive planning scheme, process, customer service and other initiatives.

COMMUNICATION/CONSULTATION (INTERNAL/EXTERNAL)

Refer to CONSULTATION in this report.

LEGAL IMPLICATIONS (STATUTORY BASIS, LEGAL RISKS)

No implication identified.

POLICY/LOCAL LAW/DELEGATION IMPLICATIONS

No implication can be identified.

ASSET MANAGEMENT IMPLICATIONS

No implication can be identified.

REPORT

The applicant seeks approval for a development permit for a Reconfiguration of a lot (1 lot into 2 lots).

APPLICATION SUMMARY	
Applicant:	Angela Reader C/- ONF Surveyors
Proposal:	Reconfiguration of a lot (1 lot into 2 lots)
Properly Made Date:	9 February 2022
Street Address:	285 Carbeen Crescent, Nanango
RP Description:	Lot 73 on RP181992
Assessment Type:	Code assessable
Number of Submissions:	N/A
State Referral Agencies:	N/A
Referred Internal Specialists:	Development Engineer

The following table describes the key development parameters for the proposal:

DEVELOPMENT PARAMETERS	
Number of Proposed Lots	2.233 hectares
Size of Proposed Lots	Lot 1 – 1.116 hectares Lot 2 – 1.117 hectares
Easements	N/A
Covenants	N/A

SITE DETAILS:

SITE AND LOCALITY DESCRIPTION	
Land Area:	2.233ha
Existing Use of Land:	Existing dwelling house & associated outbuildings & rainwater tanks
Road Frontage:	Carbeen Crescent
Road/s	Road Hierarchy
Carbeen Crescent	Place (bitumen sealed)
Easements	N/A
Significant Site Features:	Nil
Topography:	Relatively flat
Surrounding Land Uses:	Land Use
North	Rural Residential Dwellings
South	Rural Residential Dwellings
East	Rural Residential Dwellings
West	Rural Residential Dwellings
Services:	Electricity, Telecommunications.

Delegated Authority _____ Date: _____

ASSESSMENT:

Framework for Assessment

Categorising Instruments for Statutory Assessment

For the *Planning Act 2016*, the following Categorising Instruments may contain Assessment Benchmarks applicable to development applications:

- The *Planning Regulation 2017*
- the Planning Scheme for the local government area
- any Temporary Local Planning Instrument
- any Variation Approval

Of these, the planning instruments relevant to this application are discussed in this report.

Assessment Benchmarks Pertaining to the Planning Regulation 2017

The following Assessment Benchmarks from the *Planning Regulation 2017* are applicable to this application:

PLANNING REGULATION 2017 DETAILS	
Assessment Benchmarks:	Nil
WBB Regional Plan Designation:	N/A

Assessment Benchmarks Pertaining to the Planning Scheme

The applicable planning scheme for the application is South Burnett Regional Council Version 1.4. The following sections relate to the provisions of the Planning Scheme.

Planning Scheme:	South Burnett Regional Council Planning Scheme Version 1.4
Strategic Framework Land Use Category:	N/A
Zone:	Rural Residential
Precinct:	RR1
Consistent/Inconsistent Use:	N/A
Assessment Benchmarks:	<ul style="list-style-type: none"> • Reconfiguring a lot Code • Services and works Code • Rural residential zone Code

Assessment Benchmarks – Planning Scheme Codes

The application has been assessed against each of the applicable codes and found to be compliant with, or can be conditioned to comply with, each. The pertinent issues arising out of assessment against the codes are discussed below:

ACCEPTABLE OUTCOME	ASSESSMENT MANAGERS COMMENTS
RURAL RESIDENTIAL ZONE CODE	
SECTION 1 - General	

Delegated Authority

Date:

<p>PO1 Buildings and structures must complement the semi-rural character of nearby development and protects residential amenity.</p>	
<p>AO1.1 Site cover does not exceed 10%. and AO1.2 Buildings and structures are not higher than 8.5m above ground level. and AO1.3 Buildings have a minimum set back of: (a) 10m to the road frontage; (b) 6m to a side or rear boundary. and AO1.4 The maximum length of any façade without articulation or change of materials is 15m. and AO1.5 On-site storage areas visible from outside the site are screened by a 1.8m high fence along intervening boundaries. and AO1.6 Outdoor lighting is designed, installed and maintained in accordance with AS4282 – Control of the Obtrusive Effects of Outdoor Lighting.</p>	<p>Complies – No new buildings or structures are proposed as a part of this application. Proposed lot 1 is of sufficient size to accommodate the existing dwelling and outbuildings. Proposed lot 2 is of sufficient size for a future dwelling to comply with the AO1.1 to AO1.6. The proposed layout maintains the rural residential character and is not expected to impact on the surrounding amenity.</p>
<p>PO2 Development minimises the potential for reverse amenity impacts for adjoining existing non-residential activities.</p>	
<p>AO2.1 A well-maintained vegetative buffer is provided on the residential land between the residential development and adjacent existing non-residential use.</p>	<p>N/A – The subject site is surrounded by residential properties and therefore does not necessitate the need for a vegetation buffer.</p>
<p>PO3 Dwellings are to be adequately serviced.</p>	
<p>AO3.1 Where in a reticulated water supply area, development is to be connected to the supply network. or AO3.2 Where reticulated water supply is not available, a 45kl water tank is provided for each dwelling for consumption purposes and an additional 22.5kl water storage located no more than 10m from the main dwelling is available for fire fighting purposes. and AO3.3 The provision of on-site sewage treatment conforms to the requirements of the Queensland Plumbing and Wastewater Code. and AO3.4 Each dwelling is provided with a service line connection to the electricity supply and telecommunications networks. and AO3.5 Stormwater discharge must be to a lawful point of discharge or to downstream</p>	<p>N/A</p> <ul style="list-style-type: none"> ✓ No new buildings are proposed as part of this subdivision application. Future dwellings will be required to have a 45kl water tank. ✓ Proposed lot 2 is of sufficient size to have an on-site sewerage treatment system for a future dwelling. ✓ The existing dwelling is connected to electricity. Proposed lot 2 will be conditioned to comply. ✓ Conditioned to comply.

Item

Delegated Authority	Date:
<p>properties but only with the consent of the affected landowners. and AO3.6 Development has direct access to a sealed road.</p>	<ul style="list-style-type: none"> ✓ Proposed lots 1 and 2 will have access from Carbeen Crescent, which is bitumen sealed.
<p>PO4 Development is located and designed to ensure that land uses are not exposed to: (a) Areas that pose a health risk from previous activities; and (b) Unacceptable levels of contaminants.</p>	
<p>AO4.1 Development does not occur: (a) In areas that pose a health risk from previous activities; and (b) On sites listed on the Contaminated Land Register or Environmental Management Register. or AO4.2 Areas that pose a health risk from previous activities and contaminated soils which are subject to development are remediated prior to plan sealing, operational works permit, or issuing of building works permit.</p>	<ul style="list-style-type: none"> ✓ The subject site is not identified on the CLR or EMR.
<p>RECONFIGURING A LOT CODE</p>	
<p>SECTION 3 – All other reconfiguration</p>	
<p>PO7 Allotments are of sufficient size and dimensions to meet the requirements of the users and provide for servicing of the intended use.</p>	
<p>AO7.1 Development provides that allotment area, dimension and shape are in accordance with the standards in Table 8.4.2. and AO7.2 The minimum allotment size for any rear allotment shall be calculated exclusive of the area of the access corridor of the allotment. and AO7.3 Irregularly shaped allotments are designed to allow a building area of 15m by 10m to be setback 6m from the site frontage.</p>	<ul style="list-style-type: none"> ✓ The subject site is within the rural residential zone RR1 precinct whereby the minimum lot size is 4,000m². Proposed lot 1 is 1.116ha and proposed lot 2 is 1.117ha, both exceeding the prescribed minimum lot size. N/A ✓ The proposed lots are a regular shape.
<p>PO8 Lots have lawful, safe and practical access.</p>	
<p>AO8.1 Access is provided via either: (a) Direct road frontage; (b) Access strip with a minimum width of 3.5m (for rear lots only); or (c) Access easement with a minimum width of 6m (where lots only have legal road frontage that does not provide, safe or practical access to the existing street network). and AO8.2 Newly created lots do not have direct access to sub-arterial or higher order roads. and AO8.3 Except in the Rural Zone, new lots, are provided with access to a sealed road.</p>	<ul style="list-style-type: none"> ✓ Proposed lots 1 and 2 will have direct road frontage onto Carbeen Crescent. ✓ Carbeen Crescent is identified as 'Place' in the road hierarchy. ✓ Carbeen Crescent is bitumen sealed.

Delegated Authority

Date:

<p>PO9 The number of rear lots is minimised having regard to the outlook, topography of the site, intended land use and general amenity of the area.</p>	
<p>AO9.1 Only one rear lot is provided behind each full street frontage regular lot. and AO9.2 No more than two rear lot access strips directly adjoin each other. and AO9.3 No more than two rear lots gain access from the head of a cul-de-sac.</p>	<p><input checked="" type="checkbox"/> No rear lots are proposed. N/A N/A</p>
<p>PO10 The design and construction of new roads: (a) Maintain safe and efficient access to the transport network; (b) Creates integrated neighbourhoods; and (c) Are constructed to a standard that is commensurate with the intended use of allotments.</p>	
<p>AO10.1 Intersection shall be spaced at no less than 45m from any other intersection. and AO10.2 Any intersections with existing roads shall be treated with a T-intersection or a roundabout. and AO10.3 The road layout indicates connections to adjoining development sites. and AO10.4 Other than in the Rural or Rural Residential Zones, new streets are provided with layback kerb and channel. or AO10.5 In the Rural Residential Zone, new streets are provided with concrete flush kerbs and swale drains.</p>	<p>N/A – No new roads are proposed.</p>
<p>PO11 The provision of services is resistant to inclement weather and does not degrade the character of the area.</p>	
<p>AO11.1 Where the reconfiguration involves the opening of a new road, all electricity and telecommunications services are located underground.</p>	<p>N/A – No new roads are proposed.</p>
<p>PO12 Reconfiguration facilitates integration of walking and cycling networks that provide a safe and convenient environment for users having regard to appropriate gradients and distances to be travelled.</p>	
<p>No outcome specified.</p>	<p>N/A</p>
<p>PO13 Public open space is provided in response to community need.</p>	
<p>AO13.1 Public open space is provided in accordance with the Priority Infrastructure Plan.</p>	<p>N/A</p>
<p>PO14 Reconfiguration into allotments less than 400m² in the Medium Density Residential zone is facilitated where design outcomes are consistent with expectations for the zone.</p>	

Delegated Authority	Date:
AO14.1 Reconfiguration in the Medium Density Residential zone involving allotments less than 400m ² where creating allotments for individual units in an approved and completed multiple dwelling or dual occupancy.	N/A
PO15 Reconfiguration into allotments less than 400m ² in the Medium Density Residential zone is to provide for suitable living environments.	
For allotments less than 400m ² -- AO15.1 All lots are orientated to within 200 of north. AO15.2 All lots are to be sized and shaped to accommodate a 10m x 20m rectangle.	N/A
SERVICES AND WORKS CODE	
SECTION 1 - General	
PO1 The development is planned and designed considering the land use constraints of the site for achieving stormwater design objectives.	
AO1.1 A stormwater quality management plan provides for achievable stormwater quality treatment measures that meet the design objectives identified in Table 9.4.4.	✓ This development application does not necessitate the need for a stormwater quality management plan.
PO2 Development does not discharge wastewater to a waterway or off-site unless demonstrated to be best practice environmental management for that site.	
AO2.1 A wastewater management plan prepared by a suitably qualified person and addresses : (a) wastewater type; (b) climatic conditions; (c) water quality objectives; (d) best-practice environmental management; and AO2.2 Wastewater is managed in accordance with a waste management hierarchy that: (a) avoids wastewater discharge to waterways; or (b) minimises wastewater discharge to waterways by re-use, recycling, recovery and treatment for disposal to sewer, surface water and groundwater.	✓ This development application does not necessitate the need for a wastewater management plan.
PO3 Construction activities avoid or minimise adverse impacts on stormwater quality.	
AO3.1 An erosion and sediment control plan addresses the design objectives for the construction phase in Table 9.4.4.	✓ This development application does not necessitate the need for an erosion and sediment control plan.
PO4 Operational activities avoid or minimise changes to waterway hydrology from adverse impacts of altered stormwater quality and flow.	

Delegated Authority

Date:

<p>AO4.1 Development incorporates stormwater flow control measures to achieve the design objectives for the postconstruction phase in Table 9.4.4.</p>	<p>✓ This development application does not necessitate the need for stormwater flow control measures.</p>
<p>SECTION 2 - Infrastructure</p>	
<p>PO5 Development is provided with infrastructure which: (a) conforms with industry standards for quality; (b) is reliable and service failures are minimised; and (c) is functional and readily augmented.</p>	
<p>AO5.1 Except in the Rural zone, all development occurs on a site with frontage to a sealed road. and AO5.2 Infrastructure is designed and constructed in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>✓ The subject site fronts Carbeen Crescent which is bitumen sealed.</p> <p>✓ Proposed lot 2 will require a new access and will be conditioned to comply with AO5.2.</p>
<p>SECTION 3 – Vehicle parking</p>	
<p>PO6 Vehicle parking and access is provided to meet the needs of occupants, employees, visitors and other users.</p>	
<p>AO6.1 Vehicle parking spaces are provided on-site in accordance with Table 9.4.5. and AO6.2 A service bay is provided on-site for the service vehicle nominated in Table 9.4.5. and AO6.3 Driveway crossings are provided to the standard contained in PSP1 – Design and Construction Standards. and AO6.4 Vehicle parking and manoeuvring areas are provided in accordance with the standards contained in PSP1 – Design and Construction Standards.</p>	<p>✓ This development application does not necessitate the need for vehicle parking provisions.</p>
<p>SECTION 4 - Landscaping</p>	
<p>PO7 Landscaping is appropriate to the setting and enhances local character and amenity.</p>	
<p>AO7.1 Landscaping is provided in accordance with the relevant zone code provisions. and AO7.2 Where shade tree planting is required in vehicle parking areas each planting bed has a minimum area of 2m² and is unsealed and permeable. and AO7.3 Plantings along frontages or boundaries are in the form of defined gardens with three tier planting comprised of groundcovers, shrubs (understorey), and trees (canopy) and provided with a drip irrigation system, mulching and border barriers.</p>	<p>✓ This development application does not necessitate the need for landscaping.</p>

Item

Page 12

Delegated Authority	Date:
<p>PO8 Plant species avoid adverse impacts on the natural and built environment, infrastructure and the safety of road networks.</p>	
<p>AO8.1 Landscaping utilises plant species that are appropriate for the location and intended purpose of the landscaping. and AO8.2 Species selection avoids non-invasive plants.</p>	<p>N/A</p>
<p>SECTION 5 – Filling and Excavation</p>	
<p>PO9 Development results in ground levels that retain: (a) access to natural light; (b) aesthetic amenity; (c) privacy; and (d) safety.</p>	
<p>AO9.1 The depth of: (a) fill is less than 2m above ground level; or (b) excavation is less than 2m below ground level. and AO9.2 The toe of the fill, or top of the excavation is not less than 0.5m inside the site property boundary. and AO9.3 Works do not occur on slopes over 15% in grade. and AO9.4 Retaining walls over 1m in height are terraced 1.5m for every 1m in height and landscaped. and AO9.5 Batter slopes are not steeper than 25% and are grassed and terraced 1.5m for every 1m in height. and AO9.6 Filling or excavation for the purpose or retention of water: (a) is certified by an RPEQ engineer to safely withstand the hydraulic loading; (b) directs overflow such that no scour damage or nuisance occurs on adjoining lots.</p>	<p>N/A – No cut or fill is proposed as a part of this application.</p>
<p>PO10 Filling or excavation does not cause damage to public utilities.</p>	
<p>AO10.1 Filling or excavation does not occur within 2m horizontally of any part of an underground water supply, sewerage, stormwater, electricity or telecommunications system.</p>	<p>N/A – No cut or fill is proposed as a part of this application.</p>
<p>PO11 Filling and excavation avoids water ponding on the premises or nearby premises that will adversely impact on the health of the community.</p>	

Delegated Authority

Date:

<p>AO11.1 Following filling or excavation: (a) the premises: (i) are self-draining; and, (ii) has a minimum slope of 0.25%; and, (b) surface water flow is: (i) directed away from neighbouring properties; or (ii) discharged into a stormwater drainage system designed and constructed in accordance with AS3500 section 3.2.</p>	<p>N/A – No cut or fill is proposed as a part of this application.</p>

INTERNAL SPECIALIST	REFERRAL	REFERRAL / RESPONSE
Development Engineer		Council's Development Engineer provided comments in relation to Infrastructure Charges and engineering conditions.
Infrastructure Charges Unit		Council adopted the LGIP on 24 June 2019 which commenced on 1 July 2019. The types of development that may trigger the issuing of an infrastructure charges notice are:
		<ul style="list-style-type: none"> a) Reconfiguring a lot; b) Making a Material Change of Use; c) Carrying out Building Work. <p>The property is within the Transport Network, and Parks and land for Community Facilities Network mapping and is therefore subject to relevant adopted charges.</p> <p>Refer to the Infrastructure Charges Notice attached as Attachment B.</p>

CONCLUSION:

The proposed development has been assessed with regard to the applicable assessment benchmarks of the Rural Residential zone Code, Reconfiguring a lot Code, and the Services and works Code. The proposed development will result in an additional rural residential allotment that generally complies with the required benchmarks or can be conditioned to comply.

It is recommended that the development application for Reconfiguring a lot – Subdivision 1 into 2 lots at 285 Carbeen Crescent, Nanango (and described as lot 73 on RP181992) be approved subject to reasonable and relevant condition pursuant to Section 60 of the Planning Act 2016.

NOTICE ABOUT DECISION – STATEMENT OF REASONS

The following information is provided in accordance with Section 63(4) & (5) of the Planning Act 2016

The development application for:

Type of Approval	Reconfiguring a lot – Development permit
Level of Assessment	Code
Application No	RAL22/0003
Name of Applicant	Angela Reader C/- ONF Surveyors
Street Address	285 Carbeen Crescent, Nanango
Real Property Address	Lot 73 on RP181992

On 29 March 2022 the above development was:

Approved in full, with conditions.

1. Reasons for the Decision:

The reasons for this decision are:

- The proposal will create an opportunity for future rural residential living consistent with the intent of the zone.
- The land use will continue to be utilised for rural residential activities, consistent with the surrounding area.
- There is no infrastructure or natural hazard constraints applicable that would not support the application.
- The land is easily serviceable with the required utilities and is well located to urban services nearby.

2. Assessment Benchmarks

The following benchmarks apply to this development:

- Reconfiguring a lot code
- Rural residential zone code
- Services and works code

Note: Each application submitted to Council is assessed individually on its own merit.

Delegated Authority _____ Date _____

INFORMATION NOTICE

Authority and Reasons for Charge This Infrastructure Charges Notice has been given in accordance with section 119 of the *Planning Act 2016* to support the Local government's long-term infrastructure planning and financial sustainability.

Appeals Pursuant to section 229 and Schedule 1 of the *Planning Act 2016* a person may appeal an Infrastructure Charges Notice. Attached is an extract from the *Planning Act 2016* that details your appeal rights.

Automatic Increase Provision of charge rate (\$) An infrastructure charge levied by South Burnett Regional Council is to be increased by the difference between the Producer Price Index (PPI) applicable at the time the infrastructure charge was levied, and PPI applicable at the time of payment of the levied charge, adjusted by reference to the 3-yearly PPI average¹. If the levied charge is increased using the method described above, the charge payable is the amount equal to the sum of the charge as levied and the amount of the increase.

However, the sum of the charge as levied and the amount of the increase is not to exceed the maximum adopted charge the Authority could have levied for the development at the time the charge is paid.

GST The Federal Government has determined that contributions made by developers to Government for infrastructure and services under the *Planning Act 2016* are GST exempt.

Making a Payment This Infrastructure Charges Notice cannot be used to pay your infrastructure charges.

To pay the levied charge, you must request an Itemised Breakdown showing the total levied charge payable at the time of payment. An Itemised Breakdown must be presented at the time of payment.

An Itemised Breakdown may be requested by emailing info@southburnett.qld.gov.au

Payment can be made at any of the following South Burnett Regional Council Offices:

- 69 Hart Street, Blackbutt, 4314;

¹ 3-yearly PPI average is defined in section 114 of the *Planning Act 2016* and means the PPI adjusted according to the 3-year moving average quarterly percentage change between financial quarters. PPI index is the producer price index for construction 6427.0 (ABS PPI) index number 3101 – Road and Bridge construction index for Queensland published by the Australian Bureau of Statistics.

Delegated Authority

Date:

- 45 Glendon Street, Kingaroy, 4610;
- 42 Stephens Street West, Murgon, 4605;
- 48 Drayton Street, Nanango, 4615;
- McKenzie Street, Wondai, 4606; or
- via other methods identified on the Itemised Breakdown.

Enquiries

Enquiries regarding this Infrastructure Charges Notice should be directed to the SOUTH BURNETT REGIONAL COUNCIL, Department of Planning and Land Management, during office hours, Monday to Friday by phoning (07) 4189 9100 or email at info@southburnett.qld.gov.au

List of correspondence pending completion of assessment report

SUMMARY

Reports pending completion of assessment

OFFICER'S RECOMMENDATION

That the List of Correspondence pending completion of Assessment Report be received.

REPORT**Reconfiguration of a lot (RAL) applications**

1. RAL21/0010 – Change to development approval - Convert Preliminary approval to development permit at River Road KINGAROY
2. RAL21/0025 – Reconfiguration of a lot (1 lot into 3 lots) at 42 Prince Street KINGAROY
3. RAL22/0005 – Reconfiguration of a Lot – Subdivision (1 lot into 8 lots and new road) over two stages at 42 Boat Mountain Road MURGON
4. RAL22/0006 – Reconfiguring a Lot Subdivision (1 lot into 2 lots) at 82 Tingoorra Cemetery Road TINGOORA
5. RAL22/0007 – Reconfiguring a Lot – (1 lot into 2 lots) at 7 Appin Street NANANGO
6. RAL22/0008 – Reconfiguring a Lot – (1 lot into 3 lots) at 272 Mount McEuen Road, MOUNT MCEUEN
7. RAL22/0009 – Boundary Realignment at 240 Birt Road BOOIE
8. RAL22/0010 – Reconfiguring a lot (boundary realignment) at Barsby Road COOLABUNIA
9. RAL22/0011 – Easement associated with MCU22/0004 at 79 Zerners Road MURGON
10. RAL22/0012 – Reconfiguring a Lot – Boundary Realignment at 971 Deep Creek Road BENAIR
11. RAL22/0013 – Reconfiguring a Lot – Subdivision (1 lot into 20 lots and new road) at Fairway Drive NANANGO
12. RAL22/0014 – Reconfiguring a Lot – Subdivision (1 lot into 2 lots) at 107 Coulson Street BLACKBUTT

Material Change of Use (MCU) Applications

1. MCU20/0017 – Material Change of Use - Service Station/Food & Drink Outlet/Showroom at Rogers Drive KINGAROY
2. MCU21/0001 – Material Change of use for a service station, food and drink outlet & shop at 81 Haly Street WONDAI
3. MCU21/0012 – Material Change of use - Eight short term accommodation units and proposed access easement A over lot 13 and 14 on SP212946 at 3 Evelyn Street KINGAROY
4. MCU21/0017 – Material Change of use for Expansion of the existing piggery (57,000SPU) at 592 Morgans Road, WINDERA (and described as Lot 49 on MZ555 & Lot 203 on SP251979)
5. MCU21/0019 – Other Change to existing approval - Material Change of use (Master Planned Community and Development Permit for Reconfiguration of a lot (1 lot into 6 lots plus parkland dedication) at Corner Bunya Highway & Taylors Road KINGAROY
6. MCU21/0023 – Child-care centre at 101 Alford Street KINGAROY

18 QUESTIONS ON NOTICE

18.1 QUESTION ON NOTICE

File Number: 27 April 2022

Author: Manager Corporate Services

Authoriser: Chief Executive Officer

The following question on notice was raised by Councillor Gavin Jones:

- In regards to RFI and customer requests, what is the time and cost it is consuming at the minute?

Response

Councillor Requests for Information ('RFI')

By way of process, a Councillor request for information is provided to the Chief Executive Officer or relevant General Manager. Assistance may be provided by a Council officer in the lodgement of a request for information such as discussion prior or provision/completion of the request for information form.

Once the written request is received, the Chief Executive Officer and/or relevant General Manager will consider who is best placed to provide input delegating to Council officer/s within their team. For requests for information where data/documents need to be gathered and analysed this may involve Council officers across departments such as request for usage of plant & fleet may require input from all organisational branches. Once the General Manager or Chief Executive Officer is provided with the information, they will review as are ultimately responsible for the validity/quality of the information upon which Council may base decisions.

The request for information response is emailed to all Councillors and the Senior Management Team for awareness, as the information is potentially valuable for all parties in future decision making/actions. The request for information request/response is captured by the Governance Team in a 'Request for Information Register' so that this information can be referred to in future deliberations by Council or if an issue is raised in relation to Council decision making by an external agency, the information is readily available for internal review. Between 1 July 2021 and 25 March 2022, Councillors (including the Mayor) have lodged requests for information as follows:

Councillor	Relevant Department	Number
Mayor Brett Otto	Executive Services	6
	Finance & Corporate	15
	Infrastructure	14
	Community	5
Cr Kathy Duff	Executive Services	1
	Community	3
Cr Kirstie Schumacher	Finance & Corporate	1
	Infrastructure	3

Operationally the time involved in handling Councillor requests for information is not fully captured as a matter of process. The precise time involved in each request for information is not captured as this data is currently not reported/analysed.

Customer Requests

Finance & Corporate Department has recently showcased a 'Councillor customer request dashboard' linked to the customer request module within Council's business software. This dashboard has been released to Councillors to view in 'real time' the status of customer requests

lodged by the Councillor personally or lodged on the behalf of a customer. Previously a monthly report was generated by Corporate Services and provided through the Chief Executive Officer.

Operationally the cost for the provision of Council's customer service interface and subsequent actions by Council officers across all Departments is imbedded within the annual budget and would make up a substantial portion of the operational costs of Council. The specific costs per service is not available for analysis.

Between 1 July 2021 and 25 March 2022, Council created over 21,000 customer requests/applications/enforcements with the Councillor customer requests breakdown as follows:

Councillor	Relevant Department	Number
Mayor Brett Otto	Executive Services	-
	Finance & Corporate	-
	Infrastructure	208
	Community	74
Cr Gavin Jones	Executive Services	-
	Finance & Corporate	1
	Infrastructure	50
	Community	3
Cr Danita Potter	Executive Services	3
	Finance & Corporate	1
	Infrastructure	34
	Community	20
Cr Scott Henschen	Executive Services	-
	Finance & Corporate	-
	Infrastructure	18
	Community	2
Cr Kathy Duff	Executive Services	1
	Finance & Corporate	3
	Infrastructure	149
	Community	106
Cr Kirstie Schumacher	Executive Services	-
	Finance & Corporate	-
	Infrastructure	42
	Community	18

RECOMMENDATION

That Council receive and note the response to the question on notice raised by Councillor Gavin Jones at the Executive and Finance & Corporate Standing Committee meeting held 16 February 2022.

19 CONFIDENTIAL SECTION

OFFICER'S RECOMMENDATION

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 254J of the *Local Government Regulation 2012*:

19.1 Kingaroy Transformation Project Cost Review

This matter is considered to be confidential under Section 254J - c and g of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with the local government's budget and negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

19.2 Regional Roads and Technical Group Forward Program

This matter is considered to be confidential under Section 254J - i of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with a matter the local government is required to keep confidential under a law of, or formal arrangement with, the Commonwealth or a State..

19.3 Development of Master Plan for 1 Pound Street, Kingaroy

This matter is considered to be confidential under Section 254J - g of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

20 CLOSURE OF MEETING
