6.1 22-23 DRAFT FEES AND CHARGES

File Number: 13.05.2022

Author: Manager Finance & Sustainability

Authoriser: Chief Executive Officer

PRECIS

The draft Register of Fees and Charges for the South Burnett Regional Council.

SUMMARY

The draft Register of Fees and Charges for the 22-23 year has been provided for consideration as part of the budget process.

OFFICER'S RECOMMENDATION

That the Committee approve the draft 22-23 fees and charges as amended from this meeting (excluding dog registrations and water standpipe sales) with the approved draft to be presented to the June Ordinary Council meeting for adoption.

BACKGROUND

Each year the Council considers the level of fees and charges.

The Register of Fees and Charges attached includes both the Regulatory Fees and Commercial Charges. Section 97(2) of the *Local Government Act 2009* provides examples of a Cost Recovery Fee/Regulatory Fee:

“A **cost-recovery fee** is a fee for—

- (a) an application for the issue or renewal of a licence, permit, registration or other approval under a Local Government Act (an **application fee**); or
- (b) recording a change of ownership of land; or
- (c) giving information kept under a Local Government Act; or
- (d) seizing property or animals under a Local Government Act; or
- (e) the performance of another responsibility imposed on the local government under the *Building Act* or the *Plumbing and Drainage Act*.”

A commercial fee is for a service that Council provides; however, the service could also be sourced from another provider.

In the case of Cost Recovery Fee/Regulatory Fees, the *Local Government Act 2009* also states that a cost-recovery fee must not be more than the cost to the local government of taking the action for which the fee is charged.

The Fees and Charges in the attached schedule have been generally increased by 3.5% as a starting point and have been rounded to the closest 1\$ as a general rule (there are some exceptions to this especially in the printing section). Some fees have not changed from those charged in the 2021/2022 financial year and a more detailed review undertaken in some cases. The charges for 2021/2022 financial year have been included in the schedule to allow comparison with the proposed charges for the 2022/2023 financial year. Some categories have had fees discontinued for various reasons with most relating to a change in fee strategy or structure. Fees that have been discontinued, will be identified as such in the status column of the report.

While fees relating to dog registrations have been included in the attached schedule, a report is being brought back to Council regarding the proposed change in fee strategy to allow for an in-depth discussion on this subject.

Fees for water standpipes will be increased based on rates water modelling increases which will be decided later in the budget process.

ATTACHMENTS

------	----------------------------------	----------------------------------	---------------	----------------	------	--------

South Burnett Regional Council

Animals – Domestic

Registration:

All fees are waived for the initial registration for the first registrable year for dogs purchased through the RSPCA re-homing facility.

When a new dog is registered, the fee payable will be calculated as a fraction of the full fee for the 12 month period, based on the number of months remaining in the registration period, excluding the current month in which the dog is to be registered. For example, the dog registration period is December 1 in any year to November 30 the following year. If a dog owner went to register a new entire dog within the defined area in August 2022 then the applicable dog registration amount would be: \$150 (2022/2023 fee) x 3/12 = \$37.50.

Reciprocal registration applies for an animal currently registered in another shire and transferring to the South Burnett. No fee applies for remainder of current registration period.

Deceased Dog:

Deceased Animal Refund – 50% refund of the initial registration fee where animal is deceased in the first 6 months of the registration period. There will be no refund where the animal is deceased after the first 6 months of the registration period.

Desexing/Microchipping – New Animal or Renewal:

If the dog is registered (as Entire and/or Non-Microchipped) and the animal is subsequently desexed/microchipped within 6 months of being registered then there will be a reimbursement of the difference between the registration fee paid and the revised fee upon production of the necessary supporting documentation/certificates.

Pensioners

A 50% reduction on dog registration fees is available to all pensioners on presentation to Council of a current eligible pension card.

Soil Laboratory Testing

1. Costs include travel of up to 10km radius of Kingaroy, otherwise travel charges apply.
2. A wait time of 15 minutes per job after which hourly rate charged at 15 minute intervals.
3. If a sample is to be sent to another Laboratory, freight costs shall be added.
4. Any tests not listed but able to be undertaken by the Soils Laboratory shall be charged at the hourly rate.
5. The Soils Laboratory hours of operation are 6.30am to 3.30pm Monday to Friday. Testing outside of these hours will attract overtime rates.
6. When Soil Tester is undertaking a large volume of testing for a single client a lower charge out rate may be negotiated if in agreement with the Chief Executive Officer.
7. Call fee of half an hour applies if job cancelled and not notified plus travel costs where applicable.
