RESOLUTION 2022/2

Moved: Cr Brett Otto

Seconded: Cr Kathy Duff

That the Mayor's Budget Address for the 2021/2022 Budget be received.

2022-23 Budget – moving forward together:

The people of the South Burnett, today, we as your representatives, table the proposed South Burnett Regional Council budget for 2022/2023.

To the people of our region, this is your money, this is your budget, this is your Council's commitment to responsibly applying the funds provided by ratepayers and taxpayers towards building our region and providing you with a brighter future.

As custodians of your public funds, we have a duty to our community to provide value for money for ratepayers, improved service standards, enhanced facilities for youth, families, the disabled and the elderly as well as a commitment from Council to create an environment that encourages investment in our region, promotes economic prosperity and population growth and most importantly, supports the sustainable development of all communities across our rural towns and villages, irrespective of size or location.

Council has engaged intensively over several months now in working through the budget line by line and together, with our CEO and staff have made every effort to deliver a budget that provides a responsible and compassionate response to the economic challenges facing the people of our region.

Having said that, this budget is far from perfect, indeed it is very much a work-in-progress and I acknowledge that we have much more work to do, particularly in addressing the projected \$3.52M deficit. It is however, an important first step and reflects the priorities outlined in Council's Operational Plan for the year ahead.

It is a \$108 million plan to building a stronger South Burnett through partnerships with higher levels of government and by working together through stronger connection to, and better engagement with our community.

In delivering this budget, Council remains conscious of the financial, social and emotional burden endured by our region's residents through the recent floods and the cost of living pressures brought on by the increasing inflation and interest rate rises.

In response to such, Council has been careful to formulate a considered and measured response to supporting the community through these challenging times. A response that provides short-term relief without compromising the ability of Council to sustain a sound financial position and asset management strategy for future generations. As such, this budget, if adopted will provide:

- a modest 1.75% increase to general rates, with the application of three year averaging to smooth the impact of recent property valuation increases;
- \$75M worth of operational services to our region;
- a \$33M investment in capital asset renewals and upgrades;
- \$28M in road maintenance and upgrades, and
- the introduction of Kerb side recycling.

I must acknowledge the contribution made by the Queensland and Australian Governments in providing grant funding from a range of programs supporting Council's operational and capital programs.

Having said that, I must convey our Council's deep disappointment in the Queensland Grant's Commissions decision to reduce our share of the Australian Government's Financial Assistance Grant program by some \$500,000.

In this budget, our ratepayers will fund 88% of Council's operating budget, with only 12% coming from government assistance. This is well above the state average for rural based regional councils and places significant pressure on our organisation to deliver an increasing list of services, once provided by higher levels of government.

As such, we join with other Councils across Australia, in calling on the recently elected Australian Government to increase the Local Government Financial Assistance Grants provided to states from 0.5% to 1.0% of Federal taxation revenue. We also call on the Queensland Government to address the inequitable allocation of these funds to our Council.

In closing, I wish to acknowledge and thank my fellow Councillors, our CEO, Mark Pitt, Council staff and in particular our General Manager Finance and Corporate Services, Susan Jarvis and her hard working finance team for their concerted efforts in bringing the 2022-23 budget to fruition.

I have a strong sense that the current decade will provide a renewed period of regional prosperity for our region.

7.18 WASTE COLLECTION UTILITY CHARGES 2022/2023

RESOLUTION 2022/24

Moved: Cr Danita Potter

Seconded: Cr Scott Henschen

That in accordance with *Section 94* of the *Local Government Act 2009* and *Section 99* of the *Local Government Regulation 2012* Council make and levy waste management utility charges, for the supply of waste management services (including the storage, collection and removal of general waste) on all land and structures to which a waste management service is supplied or, in the case of rateable land which is occupied, made available by Council as follows:

1. Council's Discretion to Levy Waste Management Utility Charges
 - (a) If premises are in an area in which Council conducts or will conduct general waste collection, Council may levy waste management utility charges having regard to:
 - (i) the nature and volume of general waste produced, or to be produced, as a result of the ordinary use or occupation of the premises; and
 - (ii) the number of standard general waste containers supplied to the premises; and
 - (iii) the size and type of each standard general waste container supplied to the premises; and
 - (iv) the nature of the general waste stored, or to be stored, in each standard general waste container, for example, whether the standard general waste container is set aside for the storage of:
 - (1) commercial waste; or
 - (2) domestic waste; or
 - (3) recyclable waste (but excluding green waste); or

- (4) recyclable waste (but limited to green waste); and
- (v) how often Council will arrange for the collection of general waste from each standard general waste container supplied to the premises.
- (b) For the avoidance of doubt, in making a determination about the levying of waste management utility charges for premises, from time to time, Council is not obliged to have regard to:
- (i) the extent to which the owner or occupier of the premises elects to utilise, for the storage of general waste, 1 or more of the standard general waste containers supplied to the premises for, or on behalf of, Council; or
- (ii) the extent to which the owner or occupier of the premises elects to utilise, for the storage of general waste, 1 or more containers, other than standard general waste containers supplied to the premises for, or on behalf of, Council.
- (c) Council delegates, to the chief executive officer of Council, the power to make a determination about the levying of waste management utility charges for premises having regard to the criteria specified (service category) in section 2 below.

7.21 WATER SUPPLY ACCESS CHARGE METHODOLOGY 2022/2023

RESOLUTION 2022/27

Moved: Cr Scott Henschen

Seconded: Cr Danita Potter

That pursuant to *Section 92(4)* of the *Local Government Act 2009* and *Section 99* of the *Local Government Regulation 2012* Council make and levy water utility charges based on the following methodology to determine water access charges to be levied for the financial year ending the 30 June 2023 as follows:

1. A Fixed Charge for all connected and vacant (not connected) land covering the net cost associated with the source of supply, administration, technical overhead, depreciation and finance costs for each scheme area be levied on those lands receiving a supply or to which a supply is deemed to be available
2. The basis of apportionment of this cost shall be the supply capacity made available to the connected premises, as a measure of the proportionate share of the capacity of the system utilised by the connected property, as listed in the table hereunder:

Meter Size	Capacity Factor
20mm	1.0
25mm	1.6
32mm and 40mm	2.5
50mm and 80mm	6.5
100mm	15.0
Vacant (not connected)	0.5

3. This direct correlation is varied as follows:
 - (a) All connections below 25mm are deemed to be the same capacity;
 - (b) Domestic properties which due to low pressure related matters only, require the installation of a larger than normal (20 mm) water meter, are to be charged the equivalent of a 20mm connection base charge;
 - (c) Domestic properties which due to low pressure related matters only, require the installation of an additional water meter, are to be charged the equivalent of a single 20mm connection base charge only;
 - (d) In the case of units as defined under the *Body Corporate and Community Management Act 1997* where the complex has a main meter, and individual units do not have an individual meter, then the base water charge for each unit will be levied as if the unit had a 20mm service connected;
 - (e) In the case where there are 2 or more lots and an improvement is constructed across a property boundary, provided that a connected access charge is being levied for one lot, then vacant charges will not apply to the other vacant (land not connected to the water system) lot;
 - (f) In the case of properties defined as "Rural", except for properties connected to the Proston Rural Water Scheme, under Council's differential rating criteria where multiple services are connected a charge for each additional connection shall be 50% of a single 20mm base charge;
 - (g) In the case of properties on the Proston Rural Supply Scheme an access charge for each connection will apply;

- (h) In the case where a specifically dedicated metered service connection is provided for fire-fighting capability a charge for each service shall be 50% of a single 20mm access charge.

7.22 WATER SUPPLY CONSUMPTION CHARGE METHODOLOGY 2022/2023

RESOLUTION 2022/28

Moved: Cr Kirstie Schumacher

Seconded: Cr Kathy Duff

That pursuant to *Section 94* of the *Local Government Act 2009* and *Section 99* of the *Local Government Regulation 2012* and on the basis of the principles laid down in Council's Revenue Statement, Council make and levy water utility consumption charges, for the supply of water services, as follows:

The following methodology be adopted to determine water consumption charges for water consumed each six (6) months during the financial year ending the 30 June 2023:

1. In respect of Water Supply Schemes of Blackbutt, Boondooma Dam, Kingaroy, Kumbia, Murgon, Nanango, Proston, Tingoor, Wondai, Wooroolin and Yallakool:
 - (a) Council operate a three (3) tier banding system based on the volume of water used in kilolitres (000's of litres) and the capacity of the meter connected.
 - (b) For connections greater than 20mm, the steps are increased proportionally with the capacity factor for each meter size.
 - (c) The tiers or steps that apply to each 6 monthly reading are shown in the table below.

Meter Size	Capacity Factor	Step 1 KL	Step 2 KL	Step 3 KL
20mm	1.0	0 - 125	126 - 250	>250
25mm	1.6	0 - 200	201 - 400	>400
32mm and 40mm	2.5	0 - 313	314 - 625	>625
50mm and 80mm	6.5	0 - 813	814 - 1,625	>1,625
100mm	15.0	0 - 1,875	1,876 - 3,750	>3,750
High Volume Commercial >200,000KL/pa	N/A	0 - 20,000	>20,000	N/A

2. In respect of Proston Rural Water Supply Scheme:

- (a) A flat charge to apply for all water consumed.
